RAIL LINK DEMANDED

Mysore, March 7

The railway action committee of the Mysore Chamber of Commerce has expressed its disappointment that in spite of assurances given by Central Ministers several decades ago, the construction of Chamarajanagar-Satyamargalam railway line had not been taken up.

The Committee has urged that the line should be taken up in the fourth plan to promote the economic, social and industrial development of Mysore and Coimbatore.

It called upon the MPs from Mysore and Madras States to take up this question with the Centre.

COURSE IN FLOUR MILLING

Mysore, March 8

Protein and calorie deficiencies in the diets of people in developing countries were mainly due to inadequate application of technology and not because of lack of resources, Dr. H.A.P. Parpia, Director, CFTRI, said here yesterday.

Inaugurating a 8-week course in flour milling and baking technology conducted by the International Food Technological Training Centre at the Institute, he said the demand for processed foods, especially cereal based products, was increasing due to industrialisation.

This had necessitated setting up many bakeries in different centres and increasing flour milling operators, he added.

Mr. W. L DeHass of FAO, New Delhi, Sri G.S. Bains, CFTRI Scientist, Mr. N. L. Gregory and Dr. W. Bushuk, visiting Professors, spoke.

29 persons, including ten from abroad, are taking part in the course.

MYSORE GRAPES NOT FOR WINE

Bangalore, March 10

The existing varieties of grapes grown in the State would not lend itself to the manufacture of quality wine but they can be used for sweet wine or brandy manufacture, Dr. H. P. Olmo, Professor of Viticulture, California, stated in Bangalore recently.

The Professor who is on an assignment to study the development potential of grape cultivation and the wine industry in the country, said to think of a wine industry with the existing varieties in Mysore was "to put the cart before the horse".

Power Rates Raised

Bangalore, March 14

The State Electricity Board has decided to levy 15 per cent surcharge on power supplied to non-commercial uses like domestic, all-electric homes and heating. As a result the power for domestic purposes will cost four paise more from April 13. At present the power rate per unit is 26 paise Power supplied to all electric homes will go up to about 9.2 paise per unit against the present rate of 8 paise.

A surcharge of 20 per cent has also been imposed on the power rates for commercial use, public lighting and water works and licensees and 10 per cent on industries. The Board is also considering increasing the minimum charge for each irrigation pumpset from Rs. 24 to Rs. 48

The surcharge imposed to set off the loss being incurred by the Board will fetch Rs. 1.5 crores additional income.

OPPOSITION DHARNA IN ASSEMBLY

OVER LAND REVENUE

Bangalore, March 15

About 35 Opposition members in the State Assembly created an unprecedented procedure yesterday by resorting to 'Dharna' to demand a firm assurance from the Government that land rsevenue would be collected at the old rates.

The extreme development occurred at the end of over an hour's dialogue between Revenue Minister Koujalgi and Opposition members over the interpretations of the Government's assurance in the House on Sept 17 last year.

The Revenue Minister maintained that the asssurance was applicable only to certain category of land. Opposition members asserted that it should be applied to all lands.

Following a heated debate, Opposition leader Sivappa annouuced that the entire Opposition would resort to 'Dharna' till the Government conceded their demand.

Inspite of the Speaker's request to the members to resume their seats, the squators paid no heed.

The Speaker then adjourned the House to meet on Monday.

Even at midnight, the Dharna continued as the negotiarions failed.

RAIL ZONE FOR MYSORE URGED

Sri Mulka Govinda Reddi, MP from Mysore, yesterday urged the Railway Minister in Rajya Sabha to re-examine the question of reorganisation of the railway zones.

He suggested a new zone with Bangalore or preferably Mysore as its headquarters since Mysore housed the Mysore State Railway before the integration.

Sri Reddi demanded Chamarajanagar - Satyamangalam, Chitradurga-Rayadurga and Hubli-Karwar lines immediately.

DEVELOP VIRTUE

Mysore, March 15

It was most regrettable that instead of increasing resources we are destroying national property by setting fire to post offices, railways and buses during agitations, said Sri M. Rachutappa, Superintendent of Government Artisans' Training Centre, at Hunsur yesterday.

Addressing the young artisans of the Centre, he said these violent activities are much against the cherished dreams and wishes of Gandhiji for which he toiled. He asked the trainees to develop virtue and character to lead a better life.

The function organised by the Central Directorate of Field Publicity as part of Gandhi Centenary was attended by about 100 trainees.

Probe Into Private Colleges

Mysore, March 15

The Executive Committee of the Mysore University Affiliated Private Colleges Teachers' Association, at an urgent meeting held here yesterday with Prof. H.M. Shankaranarayana Rao, President, in the chair, urged the State Government to constitute a high-power committee to inquire into the working of certain erring private colleges in the State.

In a resolution, the Association noted with grave concern the threats offered to the members of the staff of the local D Banumaiah's College and the way they were being intimidated for not always towing the line of the management.

The Association felt that the Government's inability to strictly enforce the code of conduct for the managements and proper service conditions for teachers had thrown teachers in these institutions into despair and a sense of insecurity.

Irregularities in these institutions included lack of proper accommodation for students and teachers, frequent fund-raising campaigns on one pretext or the other which often resulted in coercing the students and teachers to make unwillling contributions, non-implementation of compulsory provident fund scheme which left teachers high and dry at retirement, misrepresentation of facts concerning the state of affairs in the colleges to the Government, and non-regularisation of the services of tutors and demonstrators even after years of service.

GHALIB CENTENARY CELEBRATED

Mysore, March 17

Ghalib's works must be published in all languages as they had a message for the entire humanity, Deputy Commissioner N. P. Singh said here yesterday.

Speaking at the Ghalib Centenary celebrations at the Town Hall, he said Ghalib was a genius of great sensibility and power who felt and thought deeply.

Sri A. R. Mohammed Iqbal Ahmed, District Excise Officer, said that Ghalib appealed to the modern India because he provided a synthesis of the old and new.

Sri K Raghavendra Rao of the Department of Kannada, Maharaja's College, speaking on varied aspects of Ghalib said that the sort of healthy, inoffensive, urbane humour in his works was unheard of in literature.

Sri Mir Jaffer Ali said that today Ghalib was acknowledged as the primary source of inspiration to almost all schools of Urdu literature.

Sri Syed Iqbal Khadri, Chairman of the Ghalib Society, welcomed the gathering and read the messages.

Smt. Lalitha Ramanujam rendered three of the famous Ghalib's Ghazals. Amateur artists sang selected verses of the great poet. The programme alse included a Mushaira presided over by Sri S. Sirajul Hasan.

FARMERS INTER STATE EXCHANGE

The National Tonnage Club of Farmers, New Delhi, is a unique all India organisation functioning for the benefit of the entire community of farmers scattered throughout the length and bredth of the country.

In the last All India Higher Agricultural Production Convention, held under auspices of this Club, it was desided to start the unique venature of Farmers' Inter-State Exchange Programme and thereby to afford farmers from different regions to know what their brother farmers are doing in making the country self-sufficient in the matter of food production.

The first batch of fifty enlightended farmers from the Southern and Central Zones will be exchanged for 'on the spot knowledge' in the beginning of April 1969 to farmer hosts in States in the Northern region, especially the wheat producing areas.

CYCLE TAX TO GO

ML. COUNCIL'S DECISION

Mysore, March 20

The Municipal Council on Tuesday unanimously decided to abolish the cycle tax from the financial year 1969-70.

The resolution moved by Sri B.N. Kenge Gowda and seconded by Sri Vedantha Hemmige urged the Government to approve the action as it had already accepted the principle of abolishing the tax on this poor man's vehicle.

The Opposition Congress leader, Sri B.C Lingiah, who moved an amendment to the resolution seeking abolition of taxes on tongas, withdrew it on the assurance of the ruling party leader, Sri Kenge Gowda that he would bring in a seperate resolution at the next meeting.

The annual income from the cycle tax is Rs. 1.20,000.

OCTROI ABOLITION

The Council also decided by a majority to urge the Government to abolish octroi.

The resolution moved by Sri Srikanta Sharma said in the interest of trade and commerce and with a view to remove the common man from harassment, it was necessary to abolish the octroi.

The Council urged the Government to make good the loss by apportioning revenues from sales and motor vehicles taxes and excise.

The Opposition Congress members, Messrs. B. C. Lingiah, P.D. Krishnaswamy, Coutinho and others opposed the resolution on the ground that the municipality would lose a substantial amount of Rs. 25 lakhs. The also contended that the abolition of octroi was an all-India matter and unless the Centre adopted a uniform policy, it would be irrational to do away with it.

The resolution was adopted with 17-9 votes.

RAIL CONCESSION TO RYOTS

POPULATION EXPLOSION

India's total population is estimated at 530 million on Jan. 1, 1969.

The population is growing at the rate of over 2.5 per cent per year. At the current rate of increase it may double itself reaching one billion before the end of this century.

The main reason why the Indian economy continues to be an economy of shortage is the country's excessive population growth. Between mid-1947 and mid-1968 she has added 182.7 million to her total population.

It is, therefore, inevitable that population growth must be checked to keep pace with meaningful development.

MORE RESOURCES TO STATES RULED OUT

Deputy Prime Minister Morarji Desai yesterday ruled out more resurces to the States from the Centre.

He told the Rajya Sabha that 'I do not have more funds with me to share'.

He also rejected the demand that the Constitution be amended to change the very basis of allocations of resources between the Centre and States. He said the framers of theConstitution, were wise people, for they knew that if the Centre was deprieved of resources it would become too weak to defend the nation's freedom and integrity.

Sri Desai also warned the State Governments, which had shown 'fruitful imagination' in presenting deficit budgets, that the Centre would not permit any overdrafts by them to cover the deficit. He said the Reserve Bank would apply the brake when the States came before it for overdrafts by the year-end.

Sandal Spentwood For Japan

Mysore, March 29

The first consignment of 30 tonnes of sandal spentwood would be sent to Japan soon, Sri B C Channaraj Urs, Director of Sandalwood Oil Factories, said here on Thursday.

The spentwood, which is used as fuel, retains .05 per cent of oil even after the oil extraction from the sandalwood

About 4,000 tonnes of spentwood are available at present from both the Mysore and Shimoga factories. There is a small demand from local agarbathi manufacturers.

Sri Channaraj Urs said that under the expansion scheme of the factory, the Government had sanctioned a pilot plant to extract sandal oil on solvent process instead of the present steam-passing method.

The solvent process has been evolved by Dr. B K. Krishna of the CFTRI. The entire project to be set up at Bangalore will cost Rs. 22 lakhs.

Sri Channaraj Urs, earlier commissioned the pulverisor plant at the factory. The plant grinds the spentwood into powder and helps for direct use by the agarbathi manufacturers.

He also said that the wages of the workers will be increased soon.

IMPROVE WATER SUPPLY

CITY FATHERS DEMAND

Mysore, Apr. 1

The irregular water supply in city was severely criticised at the monthly Municipal Council yesterday.

Vice-President M. Shivanna was in the chair.

Sri Abdul Ghani (UF) said that there was almost complete failure of water supply in Mandi and Lashkar Mohallas.

Messrs. T. V. Srinivasa Rao (UF), Ganesha Rao, K. N. Samasundaram and Jogi Siddiah (Cong) said that people were put to lot of difficulty due to faulty distribution of water.

They also took objection to the Vanivilas Water Works Superintendent being not present in the meeting. They urged for a full report of the water supply position.

Sri T. V. Srinivasa Rao severely criticised the administration of the hospitals in the city, particularly of the K.R. Hospital.

He said since many months the meeting of the Board of Visitors had not been convened. The wards including the special ones were very badly maintained. It was a hell to go to K. R. Hospital, he observed.

Sri B.C. Lingiah wanted the University to shift the Music and Dance College from the Old All India Radio building soon so that the proposed AIR relay station might be set up there early.

Dr P D. Krishnaswamy wanted the creation of a receptionist post in the Municipality to help the public.

Referring to the D. Banumiah's College affairs, both Sri Vedantha Hemmige and Sri Srikanta Sharma pleaded that the University should intervene in the differences between the management and the teachers and students and bring about a compromise.

Sri M K Lingiah wanted the speeding up of the Mysore - Chamarajanagar trains

Earlier, the Council mourned the deaths of former Education Minister A. G. Ramachandra Rao and former American President Dwight D. Eisenhower.

BANUMIAH COLLEGE MISDEEDS

Bangalore, April 1

Deputy Education Minister Sogi told the Assembly that the management of the Banumiah Colleges in Mysore had acted in an improper manner by shifting the evening college to a new premises and closing down the college indefinitely following a student agitation.

He said the Government had asked for an immediate report from the university on the development before deciding the future course of action.

While the University was an autonomous body and came directly into the picture in such cases, the Government would not fail in its duty of preventing such misdeeds by private managements of educational institutions, he assured.

Kudli Swami & Others Acquitted

IN FAKE NOTE CASE

Bangalore, Apr. 1

The Swamiji of Kudli Sringeri Mutt and three others were yesterday acquitted of all charges in the ten rupee fake note case, by the First Additional Sessions Judge.

The Swami had been charged along with others, Sthapathi Natarajan, Varadarajan and Salem Rajan, with processing and trafficking in counterfeit ten-rupee notes and criminal conspiracy to commit all these offences.

The Judge held that the prosecution had failed to prove any material fact set up by it, much less the criminal conspiracy.

The Judge observed that if only the Swami, who had to bear the brunt of the prosecution attack, was a little more wary, discreet and circumspect in employing persons in his institution, worthy of its tradition and repute, he would not have been in this sorry plight.

PATIL PANEL SUGGESTIONS

The Reorganisation Committee of the Congress headed by Sri S. K. Patil has suggested that the opinion of the constituency committee should be the real basis for the selection of candidates for the elections.

The committee set up by the Congress President to streamline the organisation has recommended that the list of Congress candidates should be finalised two years in advance.

It has suggested that the membership fee for primary members should be raised from 25 paise per annum to Re. 1 for two years. Similar upward revision has been suggested for active DCC, PCC and ACC members.

The committee has also recommended abolition of the system of co-options and associate membership and indirect elections at all levels except at the primary constituency committee level.

5 Workers Killed By Security Guards

Five persons were killed and 14 others injured when the security staff of the Cossipore ordnance factory fired ten rounds on a violent mob of workers inside the factory yesterday.

The mob snatched away the gate guard's rifle, forcibly entered the factory and manhandled an officer.

The trouble sparked off when workers tried to enter the factory after the gate was closed for the morning shift at 7-30 a.m.

About 5,000 workers were demonstrating demanding arrest and suspension of the security guards who resorted to firing.

A contingent of Army personnel had been posted at the factory to guard vital installations.

West Bengal Deputy Chief Minister Jyoti Basu said he had ordered the arrest of four officers responsible for the firing.

He said security guards opened fire killing one person on the spot. Three others injured in the firing died in hospital. The body of another person was found in the bathroom of the factory.

Heavy Road Accidents In City

Mysore, April 10

There was a sharp decline in the number of property offences in the district during March. 23 cases of burglaries were registered as against 32 in the previous month and 50 cases of thefts were registered as against 60. Only one case of murder was reported as against 3 in February. This relates to the murder of a jockey of Mysore Race Club due to quarrel.

Of the 23 cases of burglaries and 50 cases of thefts 12 burglaries and 28 thefts have already been detected, says a police press note.

Death toll was heavy in the seven motor accidents in March. During Yugadi festival 8 persons were killed when a lorry capsized in Sri Mahadeshwara Hills. In another jeep accident near Yelwal as many as 4 persons were killed. In the remaining 5, five more were killed. This is the maxium number of accidents reported so far in any month.

24 cases under Suppression of Immoral Traffic in Women and Girls Act have been put up during the month. As many as 68 cases of gambling were reported. Vigorous check of motor vehicles was conducted at various places in the district resulting in as many as 1,366 cases.

Intensive raids were conducted on unauthorised hoarding of foodgrains.

As a result, 1,354 quintals of foodgrains valued at about Rs. 1,50,000 were seized at Periyapatna, K. R. Nagar and T. Narasipur.

OPEN WAREHOUSES IN ALL TALUKS

Mysore, April 14

Presiding over the first annual session of the State Warehousing Corporation Employees' Association, here yesterday, Smt. Nagarathnamma, MLA, urged for opening of warehouses in all the taluk headquarters where regulated markets or banks were located.

She said the present practice of locating warehouses in district headquarters was impractical. Poor formers could not be expected to transport 15 to 20 pallas of yield to the distant warehouses paying heavy transport charges. If the farmers' interest were kept in view, warehouses ought to be opened even in villages.

Sri M A Amalorpavam, Chairman of the State Warehousing Corporation, inaugurating the conference, advised the employees to adopt constitutional methods in getting their grievances redressed While assuring that their legitimate demands would be looked into he asked them to work hard, so that corporation may earn profits.

Sri S. S. Gundiah, President of the Association welcomed the gathering.

Sri K. T. Srinivasa Gowda, Secretary read a report. Sri V. Srinivas proposed a vote of thanks.

SHORTFALLS IN KEY SECTORS

The latest Planning Commission assesssment of the annual Plan for 1968-69, which ended last mohth, shows shortfalls in the achievement of several crucial targets.

Actual expenditure under the Plan is expected to fall short of the original outlay of Rs. 2,337 crores by about Rs. 200 crores.

While the over all industrial production may have risen at the stipulated rate of six per cent, shortfalls in production are seen in such key industries as steel and fertilisers.

But a more sombre picture emerges in the agricultural sector, where shortfalls appear all along the line. Because of this, the overall economic growth of five per cent, postulated in the annual plan, may not be achieved.

Food production during the year, according to the most liberal estimates, may be 96 million tonnes, against the plan target of 103 million tonnes.

Human Sacrifice

A human sacrifice to get hidden treasure is reported from Rajasthan.

It is stated that Bajrang Khati, a 50 year-old carpenter was sacrificed on March 3 to propitiate Chamundi Mata in a bid to secure a hidden treasure, in Akoria village in Tonk District.

The three persons who have been arrested are reported to have taken the carpenter to a lonely spot outside the village and hit him with an axe. One of them cut his throat with a sword and collected the blood in a bottle. The body was thrown into a well.

The blood was taken to a temple of Chamundi Mata, where the three men performed a havan and sprinkled the blood on the sacred fire.

They reportedy did it on the advice of some Bhil tribesmen who had told them that the sacrifice would help them unearth the treasure trove.

This is the second human scarifice reported in Rajasthan. A 10 year-old boy was sacrificed in Udaipur in March last year.

VARSITY WITHDRAWS AFFILIATION

TO BANUMIAH'S EVENING COLLEGE

Mysore, April 18

The affiliation given to the D. Banumiah's College to conduct evening classes has been withdrawn with immediate effect by the Mysore University.

Disclosing this to newsmen yesterday, Registrar Sri Srikantiah said that this step had been taken by the Vice Chancellor, Dr. K. L. Shrimali, under emergency powers. He would report the action to the Syndicate on April 19.

The reason for withdrawal of affiliation, the Registrar said, was that the President of the Banumiah's Educational Institution, Sri B. V. Banumiah, had shifted the evening college to the high school building without obtaining the varsity's permission.

The policy of the university was that the evening college should be conducted at the day college premises so as to utilise all facilities available there. The shifting of the evening college, hence, was not consistent with the varsity's policy, he said.

Sri Srikantiah said the decision was taken after considering the report by Sri Banumiah given on April 15 in reply to the show-cause notice issued by the university.

The students of Banumiah's Evening College, numbering about 350, would be admitted into the University Evening College where more classes would be opened for them.

This is the first time in the 54-year-old history of the university, affilitation had been withdrawn on such grounds.

The students of the evening college, who were on 12-hour hunger-stirke since seven days, called off their agitation yesterday.

Fourth Plan Okayed By Majority

The National Development Council yesterday approved the Rs. 24,398-crore Fourth Plan, for the first time, by a majority and not by consrensus, as the Chief Ministers of Kerala and West Bengal and Chief Executive Councillor of Delhi refused to subscribe to the draft fourth plan document.

The approved plan will be presented to Parliament today along with their dissenting notes.

The council also decided to 'further review and examine' the draft plan after the fifth Finance Commission award expected by the end of August.

The review is be uudertaken not only in the context of the Finance Commission's recommendation but also in the light of the Chief Minister's demand for more Central assistance, increased State plan outlays and rescheduling of their debts.

The Chief Ministers of Kerala and West Bengal, Sri Namboodiripad and Sri Ajoy Mukherjee, refused to endorse the plan on the ground that it lacked social purpose and was not designed to take the country along the path of socialism.

Students' Say In Varsity Affairs

Union Education Minister Rao stated yesterday that there was now a bill before Parliament for giving statutory recognition to the principle of student participation in the academic process and setting out the institutional requirements for doing so.

He told a conference of Vice-Chancellors at Delhi, that what was needed was to adopt measures to see that students were not merely told what to do and what not to do but were given a real share in the academic process itself. It was necessary to do so for sound educational considerations.

The Minister felt that at the university stage, the distinction between teachers and students was rather irrelevant and student involvement itself became an important technique of education because, by treting them as adults, students were helped to grow into responsible citizens.

Swadeshi Plan

Prime Minister Indira Gandhi yesterday commended the Fourth Plan as a 'swadeshi plan which is entirely oriented to self-reliance'.

She told the Lok Sabha that very soon, it would be possible to reduce dependence on foreign aid. She expected that by the end of the fourth plan, the nation's reliance on foreign aid would be reduced by half.

Smt. Gandhi said that every State was associated at every stage of plan preparation. 'Planning was not done in the air', she added.

She said that if support was not forthcoming for the plan from all the political parties, it would be the States and the people living there who would suffer ultimately. The fourth plan was basically a development plan incorporating projects and schemes drawn up by the State Governments for the welfare of the people.

The Prime Minister ruled out decentralisation of planning. She declared that the whole purpose of planning was to see that resources of the country were used for the benefit of the entire country.

New Telephone Exchange Opened

Mysore, April 28

The first indigenous cross-bar automatic telephone exchange was inaugurated here on Saturday by Vice-Chancellor K. L. Shrimali by making the inaugural call to Sri. Uma Shankar, Managing Director of the Indian Telephone Industries, who was the Chief guest for the function.

Welcoming the gathering, Sri M.D. Sarangapani, Post Master-General, said that the progress in providing telephones in the country was not spectacular compared to increasing demands.

He said that the delay in providing new telephones was due to the shortage of cables although the production of instruments was adequate to meet the required demand.

The Post Master-General said that no import of cable was permitted by the Government and the private sector which was producing cables was not allowed to expand. This policy had to be changed if the demand was to be met, he said.

Sri Sarangapani recalled the services of late Rafi Ahmed Kidwai in setting up the Indian Telephone Industries which had now made great achievments.

Dr. Shrimali called for expediting the manufacture of more equipment so as to meet the demands of the people. As telecommunication happened to be a public sector undertaking, the Government had a special responsibility.

He said India had achieved many things during the last 20 years. "But very often when we are dissatisfied, we tend to forget the achievements and become critical. Among one of the achievements was the setting up of the ITI", Dr. Shrimali said.

The new exchange should be a matter of pride for the citizens as it was the first indigenous one and of sophisticated nature, he said.

The Vice-Chancellor expressed the hope that due to automation a large number of men and women would not be thrown out of employment.

Sri Uma Shankar, said Mysore City should be proud of the cross-bar automatic exchange as it ultimately helped for direct subscriber to subscriber dialling any where in the country.

Explaining the progress made by the ITI in the production of the telecommunication equipment, he said the factory when it was started was to produce only 25,000 instruments but where as now the production had increased to 3 lakhs, besides a variety of highly sophisticated instruments.

The ITI, which was one among the five or six countries producing these sophisticated instruments, was at present engaged in the manufacture of an equipment with 13,000 channel system.

All the auto exchanges set up in the country had been produced by the ITI. It was also engaged in production of cross-bar trunk automatic exchanges which would be installed at 15 big cities in the country enabling direct subscriber to subscriber trunk dialling, Sri Uma Shankar said.

Sri H. L. Bharara, Director of Telegraphs, proposed a vote of thanks.

STRONG CENTRE, SAYS SN

Congress President Nijalingappa yesterday suggested the reorganisation of the country on an essentially economic basis in case the lingustic States militated against national integration and actually encouraged disintegration.

In his presidential address to the 72nd session of the Congress at Faridabad, Sri Nijaligappa underlined the gravity of the crisis facing the party and the country and warned that only a shake up at the organisational and administrative levels would enable the party to re-establish its former image.

The President wanted the Constitution to be amended to enable the Government to dismiss inefficient and corrupt employees.

Revive Moral Values

ACHARYA TULSI'S CALL

Mysore, April 30

The economic problem was not the major problem before the country today, but it was a crisis of moral and spiritual values, Acharya Tulsi, Founder of Anuvrat Movement, said here today.

The Acharya was accorded a reception at Town Hall under the presidentship of Dr. K. L. Shrimali, Vice-Chancellor of the Mysore University,

Acharya Tulsi said that today we were not practising 'Dharma' in our life. We had become more selfish in our attitudes. Whatever 'Dharma' we had it was only in the poojas or mantras we recited daily, forgetting their need for our honest living.

The Acharya said he would respect a person more who was honest in his doings and devoted in his work than a person who was conscious of his 'Dharma' in poojas or mantras only.

Calling for a revival of moral and spiritual forces and their practice, Acharya Tulsi said that unless we did this our country would not progess and we could not solve our problems.

Dr. Shrimali, speaking in Hindi, said that India from ages had given importance to spiritual and moral values and not for wealth and position.

But today unfortunately this had changed. One could see in the society today more violence and hatredness resulting in a fall in our moral standards. This trend, the Vice Chancellor said, would not bring a good name to the country.

Earlier, Civic Chief M.N. Thimmiah presented an address to Acharya Tulsi. Sri G.Subramaniam proposed a vote of thanks.

The Acharya was given a warm reception when he arrived on foot on his first visit to the city at Nanjangud Tollgate. From there he was taken in procession to Town Hall.

Krishna Tribunal Award Final

The Rajya Sabha was told by Irrigation Minister Rao that the findings of the tribunals on the dispute between Mysore, Maharashtra and Andhra regarding distribution of the Krishna and Godavari waters will be final and no appeal can lie with any court, including the Supreme Court.

He said the tribunals were not like the boundary tribunals but had far-reaching importance and their verdict would be binding on all parties in the dispute.

Sabha Wants N-Weapons

The 52nd all-India session of the Hindu Mahasabha meeting at Nagpur yesterday demanded that India manufacture nuclear weapons instead of 'pitfully looking' towards the United States and the Soviet Union for help in case of external aggression.

It wanted the Fourth Plan to be defence oriented with more allocation for defence needs.

The Sabha viewed with concern the activities on the Chinese side of the boundary in eastern sector and emergence of pro-Peking elements in East Pakistan and West Bengal as well as activities of a large section of Muslim population of Assam.

It wanted compulsory military training of two years to all able bodied young men between the age of 19 and 22 with at least six months' practical training.

MYSORE MPs PROTEST

Sri Lakkappa and Sri J. Imam, MPs from Mysore, strongly protested in the Lok Sabha yesterday when Sri Raghubir Singh Shastri asked the Minister of Social Welfare whether the Government was aware that the Devadasi system was still prevalent in Mysore State.

Sri Imam said any such suggestion was derogatory to Mysore where, he claimed, morality was much higher than in other States. Sri Lakkappa shouted that this was an attempt on the part of high class society to 'malign an inferior community'. 'There is no Devadasi system anywbere in South India', he said.

Smt. Phulrenu Guha, Minister of State for Social Welfare, said information was being collected from the Mysore Government.

Pumpset Levy Goes

POSTAL FEE RAISED

Deputy Prime Minister Morarji Desai yesterday announced in the Lok Sabha that the proposed levy on power driven pumps has been dropped.

He also announced changes in the operation of the wealth tax so that genuine agriculturists were not adversely affected.

The wealth tax exemption limit will be Rs. 2,50,000 for genuine agriculturists owning only agricultural property. For people who own both agricultural and non-agricultural property, only Rs. 50,000 will be allowed as exemption in respect of agricultural property.

His other modifications in the field of excise duties cover certain cheaper varieties of cotton fabrics, cotton yarn, powerloom fabrics, rayon and cement.

REGISTRATION FEE UP

Sri Desai has raised the registration fee for postal articles from 70 paise to 75 paise. But he reduced the postage rate for a single copy of a registered newspaper weighing upto 60 grams from 5 paise to 2 paise, the rate in force before May 16, 1968.

Plea For Central Police Force

Mysore, May 1

Sri K. G. Ramanna, DIG of Police, observed here yesterday that the village police force under the command of the village panchayat would be less effective and there was more need for Central Police Force in view of the constitutional problems arising after the recent general election.

Addressing the members of the Junior Chamber, he said police now being a State subject, the Centre could not do much to enforce regulations effectively. He cited the example of Kerala where the cases against the employees who participated in the September strike were withdrawn by the State Government.

Referring to the incidence of violence and crimes, the DIG said due to industrialisation and urbanisation more of these problems arose. However, arson and violence was not the civilised language and the hallmark of an honourable citizen.

The citizen must realise, he said, that his responsibility in the community was greater It was not the duty of the police force alone to look after his safety, but he should realise that he had certain social responsibilities also.

Sri Ramanna said that compared to the USA and England the volume of crime in India was less due to less urbanisation. It was only one-tenth of the crimes committed in the USA.

Our country spent less also on the police force. In England the per capita expenditure was 4 pounds an individual where as here it was only Rs. 2 In the USA there was one policeman for every 500 people and in the Soviet Union the figure is said to be one for every 30. But In India there was one policeman for every 1750 people, the DIG said.

Earlier, Junior Chamber President Dwarakanath welcomed the chief guest. Joint Secretary N.S.A.K. Char proposed a vote of thanks.

Division Of State Demanded

Mysore, May 1

Sri B. N. Kenge Gowda, leader of the Ruling United Front, yesterday raised the demand for the division of the State into two in the monthly meeting of the City Municipal Council.

He said old Mysore had been neglected and the present State was too big for efficient administration.

Referring to the Chief Minister's announcement that he would furnish statistics to show that old Mysore area had not been neglected, Sri Kenge Gowda said the Chief Minister shold not take into account the expenditure incurred on Bangalore as it was the State's capital.

K. R. Hospital Flayed

Mysore, May 1

The working in the K.R. Hospital in the city was severely criticised yesterday at Municipal Council by Sri Srikanta Sharma. President M N. Thimmiah was in the chair.

Sri Sharma said that the doctors and the staff in the hospital were showing utter carelessness in treating the patients.

He alleged that Sri Siddaramu, an employee of the local K R. Mills, who had been admitted to the Hospital following an injury to his hand had been treated badly by giving anaesthesia causing his death.

Sri Sharma demanded a public enquiry into the circumstances that led to the death of Sri Siddaramu.

DOCUMENTARIES ON KANNADA POETS

Bangalore, May 1

The State Government proposed to make documentary films depicting the lives and achievements of luminaries in the fields of Kannada literature and arts.

Under the first phase of the plan, the documentaries on K. V. Puttappa, D. V. Gundappa, D. R. Bendre, K. S. Karanth and Masti Venkatesha Iyengar will be made with commentaries in Kannada and English.

The Department of Information hopes to bring out the films within six months.

Municipal Hearse

Mysore, May 1

The City Municipality has kept available a hearse to carry the dead to the graveyard It is availble all through the day and night on a hire of Rs 6 per hour and Rs 3 for every subsequent hour.

Public may contact the Municipal Health Office.

UF ADMINISTRATION CRITICISED

Mysore, May 1

Sri J M. Coutinho (Cong) yesterday came down heavily on the ruling United Front in the Municipal Council for its delay in the selection of Municipal advocates and also for not nominating two councillors to the Trust Board.

He said that these subjects were being unnecessarily delayed and this did not speak well of the United Front Never for such a long time the Council went unrepresented in the Trust Board, Sri Coutinho said.

The irregular water supply was severely critisied by Sri Ganesha Rao of Congress and Sri Chowdiah and Srikanta Sharma of the United Front.

Earlier, President M. N. Thimmiah explained the various steps taken to improve the city. He said during last two months 402 lorryloads of debries were cleared. Rs. 4,000 had been saved by vigorous inspection on the working of sweepers.

PM Warns Peking On Nuclear Attack

Prime Minister Indira Gandhi warned in the Rajya Sabha that any nuclear attack by China on India would entangle the whole world. It would be a very big thing and would not be confined to India and China alone, she said.

Replying to question on the steps taken by India to ward off the Chinese threat, she said 'we are considering all these things".

She, however, firmly rejected the renewed demand for seeking a nulcear umbrella from the United States or the Soviet Union or both. She did not think that it would be in India's interest to do so. In her view, what was more important than manufacturing nuclear weapons was to strengthen our industrial and economic base.

ZAKIR HUSAIN DEAD

The sudden death of Dr. Zakir Husain, President of India, occurred this morning in New Delhi.

Dr. Zakir Husain, who took suddenly ill due to a severe heart attack at 11-15 a.m., was admitted to the hospital. His condition became worse and died at 12-15 p.m.

Vice-President V. V. Giri will be sworn in today to act as the President, it was announced.

Soon after the death of Dr Zakir Husain an emergency meeting of the Union Cabinet was held with Deputy Prime Minister Morarji Desai presiding.

A 13 day mourning has been declared all over the country. Flags will be flown at half-mast during the period.

Born in 1897, Dr. Zakir Husain was elected President in 1967. The highest award 'Bharat Ratna' was given to him in 1963.

He leaves behind Begum Husain, 2 daughters and 7 grand children.

The Mysore Government has declared both today and tomorrow as holiday in honour of the late Dr. Husain.

Untouchability Against Religion, Acharaya Tulsi

Mysore, May 3

The practice of untouchability was against religion, humanity and the Constitution. It was a slur on the face of our motherland, declared Acharya Tulsi, founder of the Anuvrat Movement, here yesterday.

Addressing a press conference, he said those who were against morality were untouchables and not the Harijans. The Anuvrat movement did dot favour untouchability, he said.

The Acharya said the movement sought to fight the widespread immorality in the country It called for a change of heart through non violent struggle.

Acharya Tulsi regretted that today there was a great decline in the moral values in the country. He cited examples of large scale food adulteration, practice of dowry system which he called the trading in sons and daughters in the matrimonial market, the "Bazar of bribe" in offices and sale of votes in elections making democracy a mokery.

The Dharma Gurus, Acharya Tulsi said, should not have any connection with politics. But this did not mean that they should not kuow about politics and the problems of the country.

He said during the last 20 years he had visited various parts of the country on foot, covering 35,000 miles. He had 650 monks and nuns under him propagating the ideals of Anuvrat movement.

The 55-year-old Acharya, who is presently camping here, will convene a conference at Bangalore to form a single unit for South India for the movement. The Acharya will stay in Bangalore for his 'chaturmasa' from July till November.

Acharya Tulsi yesterday met Maharaja Jayachamaraja Wadiyar at the palace and spent half-an hour with him.

PM's Touching Tribute To Husain

Prime Minister Indira Gandhi paying tribute to the late President Dr. Zakir Husain in the Lok Sabha yesterday described him as 'an integrated personality, a wise guide to the people and one who reflected the best in the heritage of civilised man'.

Moving a condolence resolution in the House she said: 'The country has suffered a grievous loss, and the world has lost a man of vision and compassion'.

Dr. Zakir Husain, she said, was a learned scholar, thinker and writer of distinction who took an abiding interest in the finer things of life.

She said: "This evening we shall lay to rest a great Indian who belongs to the long line of sages and wise rulers of our ancient land."

"He will be one with the soil, the flowers of the plants of the land he loved so much. Dr. Zakir Husain was a man who wanted our country to become a garden and a school", Smt. Gandhi said.

Both the Houses of Parliament paid reverential homage to Dr. Zakir Husain. Both the Houses met in hushed silence and after paying glowing tributes to the departed leader, observed a minute's silence in his memory.

The Union Cabinet mourned the death of Dr. Husain. There was no discussion on the question of succession or of the schedule for the election of a new President.

HUSAIN LAID TO REST

MILLIONS WATCH FUNERAL PROCESSION

Dr Zakir Husain yesterday merged with the soil he loved deeply, and at the very same place where he founded Jamia Millia, a centre of national education, 45 years ago.

A 31-gun salute boomed and prayers rent the air as the last journey of Dr. Husain started from the Rashtrapathi Bhavan at 4-35 p.m.

The body, draped in white sheet and the National Flag, was earlier carried to the forecourt by about 30 chief mourners, who included Sheikh Abdullah, Union Deputy Law Minister Yunus Saleem, and Kashmir Chief Minister G. M Sadiq.

After a brief religious ceremony, the body was placed on the olive green gun carriage. As the gun carriage started moving, a 31-gun salute was fired.

The route along Rajpath was lined by about 4,000 men of the Army, Navy and Air Force who reversed arms as the procession went past.

The procession was headed by Maj.-Gen. S.K. Korla, G.O.C., Delhi Area with 100 troops of Army, followed by sailors of the Navy and airmen of the Air Force.

Foreign dignitaries, numbering about 50, dressed in black formed part of the procession.

Thousands of people lined up the roadsides as the cortage slowly moved along Rajpath, Vijay Chowk, India Gate, Wellesley Road, Mathura Road and Nizamuddin.

At 7-45 p.m., the cortage entered the campus of Jamia Millia. The body was lifted from the gun carriage at 7 50 p.m. and taken to a raised platform.

After the Namaz, the President's two brothers showered rose petals, Dr. Husain's favourite flowers, on the body.

Near the grave were seated President Giri, Prime Minister Indira Gandhi, Deputy Prime Minister Morarji Desai and other foreign dignitaries.

In keeping with the custom, women members of the family were not present.

The body was taken to the grave site by the three service chiefs, General Kumaramangalam, Admiral Chatterji and Air Chief Marshal Arjan Singh.

The body was lowered into the grave at 8-10 p.m. amidst muffled benedictions. It was covered with handfuls of earth by close relations and friends including the acting President, the Prime Minister and the Deputy Prime Minister.

A green stick was struck on the grave, and the final gun salute was given. Massive wreaths were placed on all the four sides of the grave. After the prayer, the Last Post was sounded at 8-45 p.m.

4 ACCIDENTS IN APRIL

Mysore, May 10

Fourt fatal motor accidents, as against seven in March, were reported during the previous month in Mysore, according to the monthly press release of the Police Department.

Two of the accidents were from Hunsur. In one case a jeep dashed against a road-side tree killing four persons.

One case of murder was reported from Sargur. The husband heckled the wife to death suspecting her morality

Cases of theft of cheques and drafts while in transit by a postal employee were also reported. A cheque for Rs. 200 and a draft for Rs 1,500 were stolen by a postman and encashed in the local banks. Public have been requested to send cheques or drafts crossed and by registered post.

There were 61 burglaries, 69 thefts and 5 cattle thefts. Of these 54 have been detected. There were also four cases of rioting, 8 cheating and 8 misappropriation cases.

During the month, 56 gambling cases and 1,000 cases under Motor Vehicles Act and Rules were booked. 53 cases under the Suppression of Immoral Traffic in Girls and Women were put up.

Sixteen cases of smuggling involving 90 quintals of rice and 1,653 quintals of paddy were also detected.

No Benefit By Take-Over Of Banks

Mysore, May 10

Sri T. A. Pai, Chairman of the Syndicate Bank, said here yesterday that nationalisation of banks should not be done until people favoured it.

Addressing a press conference, Sri Pai said by nationalisation of banks the Government would not get the desired benefits. The bank deposits would not be available for it as they had been invested by banks in agriculture and industry as desired by the Government itself.

Sri Pai said that there was only mention of nationalisation of banks but no attention had been given to its pattern and to the future working of the banks.

He said that the question whether banks should be nationalised or not was not important. Attention should be given to what extent the banking industry had to develop and its pattern. Although political cry of nationalisation arose often the people were not bothered about it becasue vast majority of them would not be affected.

The blame for this situation should go partly to the banking industry itself becasue it had not made enough progress attracting large number of depositors, Sri Pai said.

There was also denial of credit facilities to capable persons and middle class businessmen and industrialists. This had come in the way of progress, he said.

Pleading for rationalisation of credit, he said, it should be realised that credit played an important role in the economic development of the country.

Sri Pai was happy to note there was also a change in the attitude of the Reserve Bank in this direction.

He called upon the banks to wake up and create a proper image of itself Banking was not a mere lending business but it was also a service industry, he added.

Sri Pai inaugurated the third branch of the Syndicate Bank in Lashkar Mohalla.

Rt. Rev. Dr. M. Fernandes, Bishop of Mysore, who presided over the function, called upon the youth to develop thrift habit and start saving as soon as they start earning.

He hailed giving loans to farmers. If people were suffering in villages it was due to lack of finance, he said.

Sri R. Kowlagi, Branch Manager, proposed a vote of thanks.

Drug Bank For Policemen

Mysore, May 16

A drug bank would be opened this year for the policemen in the district, Sri P. J. Bagilthaya, Superintendent of Police, disclosed here yesterday.

Addressing a press conference, he said the drug bank would be the first of its kind in the State and would be run with the money from the District Police Benevolent Fund.

The Police Superintendent said that the benevolent fund which stood at Rs. 1.10 lakhs now was expected to be increased to Rs. 4 lakhs during the current year.

In order to augment the fund, a benefit dance performence by Smt. Kamala and party would be held on May 18 at Crawford Hall. Sri Bagilthaya appealed to the public to co-operate.

He said the benevolent fund which was raised by contributions made by the police personnel and also collected by holding benefit programmes was meant to help the policemen. The benefits were derived mostly by the constables numbering about 1,600 in the district and the head-constables.

The benefits included payment for medical treatment, children's school fees and purchase of books. If a constable died on duty, his family would be paid Rs. 300 out of the funds, he said.

About 1,700 childern of the policemen were being given two meals a day with the help of the CARE, Sri Bagilthaya said.

KUDOS TO MYSORE TALUK BOARD

Mysore, May 19

Sri A. S. Guruswamy, President of the Mysore Taluk Board told newsmen yesterday that a poultry feed-mixing plant, a gift from UNICEF would be started soon in the city.

Explaining the various works to be undertaken during 1969-70, the President said 14 poultry units would be started and given to voluntary organisations like youth clubs

A target of 2,000 acres had been fixed for taking up hybrid maize and jowar.

Four school gardens would be taken up. 560 children were benefited under the Applied Nutrition Scheme.

A special feature of the board was that all the 184 villages in the taluk had drinking water wells.

Under Gandhi centenary celebrations year, it was proposed to select four villages as Gandhi villages. Two sishu vihars for Harijan children would be started in Kalasthavadi and Bombehalli. Free uniforms had been supplied to 410 Harijan children.

Reviewing last year's work, Sri Guruswamy said 315 drainages were built and 12 drinking water wells were taken up.

Six mahila mandals and three youth clubs were started. Two adult literacy classes were opened.

The board is running six high schools and 50 sishu vihars including four started during the year. 31 school buildings were constructed.

Under Central Government's aid, two poultry farms were started besides four school wells were provided.

Sri Guruswamy said that the Government had selected Mysore Taluk Board as the best efficiently - run board for 1968-69.

ROLE OF PUBLIC SECTOR

Prime Minister Indira Gandhi yesterday decried the 'fashion' to criticise the public sector and said despite all its short comings, it did play a very important role in providing a strong industrial base for the country.

Inaugurating the 16th annual session of the Indian National Trade Union Congress at Quilon, Smt. Gandhi said there should be no debates or conflicts between the private sector and the public sector 'because the path which we have followed has very clearly marked the path of each of these sectors'.

The Prime Minister said there was no other way in which India could progress except enlarging the public sector to give it a dominant position. At the same time, every effort should be made to make the public sector efficient and to remove its faults and rectify mistakes.

Another debate, she said, was on the controversy over the importance of industry and agriculture. This argument was irrelevant. No one sector could progress without strengthening the other sector. Industry could not flourish when agriculture languished or the vice versa, she said.

The Prime Minister said she was in favour of workers' participation. But only there must be a sense of responsibility also. All of them should think that they were soldiers in the battle against poverty.

Fall In Food Production

Food production in 1968-69 might be lower than the record output of 98.2 million tonnes in 1967-68.

Union Agricultural Secretary Patel told newsmen that the production last year might be nearer the level reached in 1966 67, that is 95.6 millon tonnes.

He said the fall in output was due to the severe drought in certain parts of the country last year.

The conference of Agricultural Commissioners from all over the country, which ended yesterday, worked out a production programme to achieve a target of 105 million tonnes in 1969-70.

Rationalise Accounts, Bhoota Lingam

Mysore, May 21

Sri S. Bhoota Lingam, Director-General, National Council of Applied Economic Research, here today suggested rationalisation and simplification of the complex accounts system in the country.

Inaugurating the all-India seminar on accounts and auidt of local bodies, he said that the accounting procedures had gone beyond the capacity of accountauis for maintenance.

Sri Bhoota Lingam also wanted uniformity in the accounts procedure in the country as far as possible.

The role of auditors must be a constructive one and audit must recognise and enjoy its role as a powerful tool of the management and not mere be a fault finding body, he added.

Co-operation Minister Nadgouda, who presided, stressed the need to strengthen accounting and auditing in co-operative institutions and local bodies to check leakages and misappropriation.

Sri H. Chikkanna, Controller, State Accounts Department, welcomed the participants and Dr. H. L. Kulkarny, Principal, Administrative Training Institute, proposed a vote of thanks.

INTUC DEMANDS PAY PANEL

The annual session of the Indian National Trade Union Congress, at Quilon, has demanded the appointment of a Third Pay Commission by the Central Government for its employees including industrial employees.

The Congress appealed to the Government to bring forth a comprehensive legislation governing employer-employee relations in all essential services, not only in Government or public sector but also in private sector to replace the present legislation governing employees in essential services.

It expressed 'alarm' at the worsening industrial relations in certain parts of the country leading to coersion, intimidation and violence, 'sometimes even with the State Government's tacit approval and the police in consequence remaining a mere spectator'.

Pay Revision In Govt. Industries

Mysore, May 23

Industries Minister Rajasekhara Murthy announced here yesterday revision of pay scales to employees of the Government industrial concerns with retrospective effect from March 1 this year.

Presiding over the golden jubilee celebrations of the Government Sandalwood Oil Factory, the Minister said the pay scales had been finalised by the Board of Management for Government industrial concerns following repeated requests from several employees associations.

He said orders would be issued after definite proposals for entering into truce agreement with the labour associations were sent to the Government.

The Minister added the Government had also issued orders on May 20 revising the rate of DA, HRA and CCA to the employees of the Government industries with effect from March 1 to the level that was being paid to the Government employees from that date.

The revised pay scales in respect of the two sandalwood oil factories in Mysore and Shimoga would result in an additional expenditure of Rs. 50,000 per annum.

Sri Rajasekhara Murthy also announced payment of one month's salary as bonus to the Sandalwood Oil Factory employees on the occasion.

He siad that a scheme costing Rs. 20 lakhs had been sanctioned for modernisation and expansion of the Shimoga factory so as to enhance production to 4,000 kgs. per month.

Praising the achievements of the factory which stood forth as a symbol of resurgent Mysore after fifty years of glorious service, he said, it was a red letter day not only in the history of the factory but also in the annals of Karnataka.

An army unit has been stationed at Vijayawada to help the authorities. A heavy military plane carrying special boats for relief and rescue operations arrived at Hyderabad yesterday.

Prime Minister Indira Gandhi has sent Rs 1 lakh from the relief fund to the Andhra Pradesh Government.

Maintain Quality In Exports

COVERNOR'S PLEA

Mysore, May 23

Governor G. S. Pathak yesterday called for maintaining a high standard in the goods exported to foreign countries as it was on this the reputation of the manufacturer and the country depended.

Inaugurating the golden jubilee celebration of the Government Sandalwood Oil Factory, he said that maintenance of standard in exports had an important aspect in the economic life of the country.

In foreign countries the standard of articles exported by us was put to test and hence a high standard must be maintained, he said.

The Governor complimenting the factory management said that by maintaining the quality of sandal oil exported, the factory had earned a reputation for the country.

Paying tributes to the founder of the factory, Sri Pathak said that State owed much to the great engineer-statesman Dr. M. Visvesvaraya who laid the foundations for the economic progress of the State for the industrial developments that were to follow in the succeeding decades.

It had been rightly said that the industrialisation of Mysore began 50 years ago with the starting of the factory. Ever since 1917, the factory was growing steadily and today it was one of the most valuable industrial installations and one of our steadfast earners of foreign exechange, he said.

The factory had so far produced nearly 4,000 tons of oil earning over Rs. 31 crores to the State exchequer. During 1968 69 it earned no less than Rs. 172 lakhs in foreign exchange. Thus, the factory had come to play an important part in our national life, the Governor said.

Sri Pathak said Mysore had a monopoly in the supply of sandalwood oil to the world market. It had nothing to fear by way of competition. But this, he warned, should not lead to complacency and allow for cheaper substitutes.

Sri K. Puttaswamy, Minister for Labour, who released the souvenir pleaded for providing all the requisite facilities in the Government industries for the workers.

Smt. Prakashavati Pathak distributed the prizes.

Earlier, Sri B.C.Channaraj Urs, Factory Director, welcomed the gathering. Sri G. Thippe Swamy, General Manager, traced the history of the factory. Sri M. N. Ugriah President of the Factory Labour Associaation, spoke.

NO RESIGNATION, SAYS MORARJI

Deputy Prime Minister Morarji Desai stated yesterday that he would not 'fall a prey to political blackmail'. He was not going to resign from Government to oblige anyone.

Rebuttting charges made against him in Parliament, Sri Desai denied that he had helped his son in his business through his influence, or that he had come in the way of the appointment of a commission of inquiry into the affairs of Birla group of concerns.

These charges were a campaign of character assassination against him and those associated with him, he said.

PSP RESOLUTION ON CENTRE-STATE RELATIONS

Mysore, May 24

The National Executive of the PrajaSocialist Parrty yesterday adopted a resolution on the Centre-State relation which called for preservation of the basic structure of the Constitution, creation of inter-State Council for tackling inter-State disputes and re-examination of allocation of financial powers and reousrces between the States and the Centre.

It rejected the plea for abolition of linguistic States and also the contention of the West Bengal and Kerala Communist Governments that Centre had no right to deploy the Central Reserve Police in the States to protect Central undertakings.

The Praja Socialist Party rejected tha plea to adopt a unitary constitution and said it would sap the very roots of decentralised democracy and prevent people's purposeful participation in the working of dedemocracy.

It also rejected the demand for transfer of subjects excepting defence, foreign affairs, communciations and finance from the Centre to the State as it would weaken the Centre and besides helping forces of disintegration it would make the country vulnerable to agression by hostile neighbours.

It wanted the basic structure of our Constitution to be retained which represented a happy blending of the federal and unity features.

The executive said the task of correcting regional economic imbalances and settling the inter-State disputes had assumed great importance for harmonisation of relationship between the Centre and the States

It felt that the right solution for the linguistic feuds was not in the abolition of lingustic States, as demanded in certain quarters, but in eradicating the root causes of discontent.

Besides setting up of the inter-State Council provided for in the Constitution, it reiterated the appointment of a tribunal for resolving border disputes on well defined uniform principles.

As regards the appointment of the Governors, the national executive said the Governor's post must not be considered by the Centre as a device to rehabilitate members of the ruling party rejected by the electoroate. The Governor must necessarily be a person who would act in a non-partisan manner and he should be appointed in consultation with the State.

Change Policy Towards China

Mysore, May 26

Any gesture by China of a change in her attitude towards India should be welcomed and reciprocated. The initiative, however should come from China, by vacating the aggression, Sri Nath Pai, PSP leader told newsmen yesterday.

Briefing the newsmen on the Party's National Exective statement on foreign policy, he said that the threat from China was not of military nature but of political, economic and ideological, which the Centre had ignored.

He said that collaboration and co operation between these two big nations of Asia, India and China, would be of great importance to the world.

Criticising the supply of arms by the Soviet Union to Pakistan, Sri Nath Pai said "self-respect demanded that we convey our indignation in unmistakable terms to the Soviet Union".

Referring to the nuclear policy, the PSP keader said that his party was opposed to signing of the non proliferation treaty. It believed in India developing the nuclear capability. But that did not mean India should produce bombs, he said.

Criticising the statements of the Government on the Indian Ocean, he said that the Centre must be vigilant about the interplay of super-powers.

The committee is set up by the conference of student representatives from all over the country jointly convened by the University Grants Commission and the Delhi University.

INDEPENDENT FOREIGN POLICY

Mysore, May 26

The National Executive of the PSP yesterday said India must assert her independence in foreign policy and build her economy and defence free from dependence on the two super powers, the United States and the Soviet Union.

The statement adopted on the foreign policy said that the foreign policy of the country suffered from three basic weaknesses arsing from the failure to define national interests, to appreciate the sea change in the word political scene and to grasp and exercise the attributes of sovereignty.

The executive said it was imperative to arrest the dangerous drift in our foreign policy which was making India irrelevant and insigniaficant in the world context.

The statement on the Fourth Plan adopted by the executive opined that the Plan was not a "growth-oriented one and was inadequate to meet the challenge of the time".

It wanted nationalisation of all credit institutions, including banks and general insurance, firm declaration stating the limits beyond which the Government would not permit prices to rise and reorientation in agricultural strategy.

CONSOLIDATION OF PARTIES, PSP'S CALL

Mysore, May 28

The PSP national executive, which concluded its session here today, gave a call to the like-minded parties to consolidate together to fill the void at the Centre after the 1972 elections.

The statement on political situation adopted by the executive said that 1972 would prove a climatic year for the Indian polity. In the light of the present political developments, the Congress would not be in a position to form a Government at the Centre.

The United Front politics that could be indulged at the State level, if set up at the Centre might cause harm at the most critical period of of the country.

The decision in the Mysore session of the executive would form the party's guidelines, it added.

Avoid Middlemen In Foodgrain Dealings

Mysore, May 30

A call to ryots to sell their produce through the Regulated Market so as to get a better margin of profit by avoiding middlemen and commission agents was made here today.

Industries Minister Rajasekhara Murthy, declaring open the newly constructed rest house by the Regulated Market Committee, asked the farmers to free themselves from the clutches of the middlemen and agents who collected commission even for weighing and cleaning of foodgrains.

By this, the Minister said, the farmers would not only get a better profit but also they could bring down the prices

Sri K. Puttaswamy, Minister for Labour, who inaugurated the canteen, asked the ryots to take advantage of the marketing co-operative societies in their villages to sell their produce through the Regulated Market.

Co-operation Minister P. M. Nadgouda, who presided, said the Regulated Market should provide more facilities to the ryots who would be coming from far off villages to sell their produces.

Earlier, Sri Kempeere Gowda, Regulated Market Committee Chairman, welcomed the gathering. Sri N.M. Muniswamappa, Secretary, read a report. Sri V. T. Chinnaswamy Mudaliar proposed a vote of thanks.

Civic Chief's Stand Criticised

Mysore, June 2

Sri B C. Lingiah and Sri J. M. Coutinho, Congress members, severely criticised in the Municipal Council on Saturday the call given by President M. N. Thimmiah to the citizens to oppose the conversion of the Municipality into a corporation.

Sri Lingiah said that the present ruling party which was in the Opposition before the civic elections had supported the resolutions passed by the council for upgrading the city. Now with the fear of losing the reins of admintstration, Sri Thimmiah was opposing the corporation status.

Sri Coutinho criticising the stand taken by the first citizen, said when other municipalities were asking for upgrading, it would be a retrograde step to ask for retainment of the present status.

Sri B. N. Kenge Gowda, UF leader, pointed out that as a result of the conversion, it would be necessary to raise taxes and hence the move was opposed.

Sri Thimmiah defended his statement and said the citizens could not bear any raise in taxes due to upgrading of the city.

Make Bus Travel A Pleasure : Giri

Bangalore, June 3

Acting President Giri stated here yesterday that efficiency, economy and expedition should be the cardinal principles on which any public sector or nationalised undertaking was to be run.

He was inaugurating the Rs. 15 lakh new bus station of the MSRTC near the City Railway station.

Sri Giri while welcoming progressive nationalisation of the transport industry warned that they should not content with the state ownership as a panacea to all the problems.

He said : 'What is more important is to see that these public utility services are organised and conducted in the best possible manner so that the fruits of nationalisation may percolate to the commonman and they are able to enjoy better and greater amenities'.

Sri Giri called upon the management to run the undertaking on efficient lines with necessary amenities to the passengers and make travel in their buses a pleasure rather than painful ordeal.

Chief Minister Veerendra Patil welcoming the gathering said that the MSRTC had been making rapid strides and today its annual revenue was Rs. 19 crores against an investment of Rs. 23 crores.

The public sector undertaking was started with 120 buses operating on 81 routes about 20 years ago. Now it had a fleet of 2740 vehicles, operating on 2577 routes and about 8.2 lakhs passengers travelling every day.

Sampath To Be Honoured

Mysore, June 6

"Samathentho", an association of talented group of dramatists, has planned to felicitate Sampath, the veteran actor-director, who has served the cause of amateur dramas in the city.

A committee with Prof. R. Gururaja Rao as Chairman has been formed for the purpose. The celebration is proposed to be held in September.

The amateur dramatists, who have already staged two dramas, Tejaswi's "Yamala Prashne" and Kuvempu's "Raktakshi", will enact two new plays tomorrow at 7 p.m. at the Maharaja's College Centenary Hall.

The plays are "Avahane" by Dr. U. R. Ananthamurthy and "Gode Beke, Gode" by Dr. N. Rathna.

"Samathentho" consists mostly of old collegemates who are now teachers at various colleges of the Mysore University.

PM'S APPEAL FOR PEACE IN ANDHRA

Prime Minister Indira Gandhi stated yesterday that a decision on Telangana would be taken after Home Minister Chavan's visit to Hyderbad on June 7.

She appealed for peace in Andhra Pradesh as the first condition to consider the problem.

She said 'unless there is peace, no decision can be taken. Even complaints of Telangana leaders cannot be looked into unless peace is restored.'

In view of the difficulties the country was facing, particularly Andhra Pradesh which was hit by floods and cyclone, matters should be discussed in a peaceful and rational manner, she said.

The Prime Minister sat through until the small hours of the morning meeting individually or in groups State Ministers, members of Parliament, leaders of the Telangana Praja Samiti and students action committee and various party leaders.

Smt. Gandhi said she had gone to Hyderabad to express her concern over the situation and not to make a declaration. Her views on the question of separate Telangana State was known to all sections in the State.

OPINION POLL

Praja Samithi Chairman Chenna Reddy said that the Prime Minisier and the Union Home Minister should have an 'open mind and be prepared for carving out a separate State of Telangana or if they consider it necessary to have an opinion poll before taking a final decision'.

He was afraid that no useful discussions will be possible during the ensuing visit of the Home Minister. The people of Telangana will not be satisfied with anything short of Telangana State.

26m Suffer From Speech And Hearing Disorders

Mysore, June 6

Nearly 26 to 27 million people in India suffered from speech and hearing disorders, Dr. J. J. Dharmaraj, Director, All India Institute of Speech and Hearing, said here yesterday.

Addressing the participants of Workshop on Speech and Hearing, he said that the incidence of these defects among the school going children was about 17 to 18 per cent.

Dr Dharmaraj stressed the need to train men to treat the large number suffering from these disorders There were hardly 8 to 10 specialists in the country today, he added.

He explained the functioning of the Speech and Hearing Institute and said the first batch of M.Sc. students in speech and hearing were undergoing internship at the Institute.

The Institute also provided facilities for research work and clinical services. The number of cases coming into the Institute was on the increase, he said.

Dr. N. Rathna, Dr. Syed Mahaboob, Sri J. Bharath Raj, Smt. Rekha Roy and Smt. Nikam spoke on the various aspects of speech and hearing disorders.

More Police Firings

Police opened fire seven times yesterday in Hyderabad and Secunderabad, resulting in the death of one person and injury to four others, when unruly mobs, defying the curfew, rained stones on police and put up road-blocks at several places.

Curfew had been re-imposed for another 20 hours.

Three houses, a school, an NCC truck, a library and some milk booths were set ablaze by mobs in different parts of the city.

A crowd armed with stones and sticks stopped a head constable and a constable riding a motorcycle, beat them up, smashed the bike and set it on fire

At least two looting and eight arson cases were reported.

Streets were unswept for the fourth successive day.

The total number of lives lost in the Telangana agitation, resumed on June 2, was 26.

Two students received injuries when police opened fire on an unruly mob at Kalavkurthi near Mahabobnagar. The mob had surrounded the local centre for the high school examinations and hurled stones at the police.

Curfew has been reimposed in Warangal.

Junior Colleges In City

Mysore, June 10

Smt. Jayalakshammanni, Director of Collegiate Education, said here yesterday that it was proposed to assist either private or the Government-run colleges to start junior colleges in Bangalore and Mysore where there was a great rush for admissions into degree classes.

She was inaugurating a 15-day long orientation course for new and junior college teachers sponsored by the UGC and the Mysore University at Manasa Gangotri.

The Director said that UGC would also assist for setting up the junior colleges. The Government would see that these colleges, which could serve as terminate colleges for degree education, would have Kannada as the medium of instruction.

Dr. R. P. Singh, Director and Professor of Education, welcoming said that one teacher from each college was attending the course.

Sri D. N. Seetharam proposed a vote of thanks.

Mysore Dairy By Year-End

Bangalore, June 10

The Rs. 16 10-lakh Government milk scheme in Mysore City, the second biggest city in the State with a population of about 3.5 lakhs, will be commissioned by the year-end.

The dairy unit under construction on the T. Narasipur road, will get its supplies from about 12 co-operative societies of dairymen situated within a radious of about 40 miles.

The scheme capable of handling about 30,000 litres of pasteurised milk a day is the third of its kind in the State after Bangalore and Hubli-Dharwar dairy units.

Disclosing this, Minister Shankara Rao said that Mysore City scheme would replace the present pilot scheme of handling just 1,500 litres of raw milk a day.

The city has about 6,000 cross-breed cows and some buffaloes, in all yielding about 10,000 litres a day. Besides, the city gets about 11,000 litres from outside. But the total milk needs of the city are estimated at about 60,000 litres.

ANGRY SCENES IN MPCC SESSION

CHARGE OF INJUSTICE TO OLD MYSORE

Mysore, June 16

The serene atmosphere of the MPCC deliberations was marred yesterday, at the fag end of the day-long session, when there were heated exchanges between Sri M. V. Krishnappa and Sri Dayananda Sagar on one side and President Nagappa Alva and some other members on the other side.

The incident took place immediately after the two official resolutions were passed and Dr. Alva announced that two non-official resolution would be taken up for consideration.

Sri Krishnappa stood up and questioned the propriety of the President in informing the Press that his resolution demanding appointment of a judicial committee to find out imbalances alleged to have been practiced against old Mysore area had been "rejected" by the executive committee of the MPCC.

He said that the Chief Minister had assured that he would collect all the figures in this behalf and on his assurance, Sri Krishnappa said, he did not press his resolution.

Sri Krishnappa said he was voicing the feelings of lakhs of people in old Mysore area and it was not a child's play. It was wrong to say that his resolution had been rejected. He demanded that Sri Alva should withdraw his statement. Otherwise, he should allow discussion on the resolution in the open session itself.

The MPCC President said the resolution was not allowed to be brought before the open session as it would pollute the atmosphere. He maintained that Sri Krishnappa's resolution had been rejected by the party's executive and it was not desirable to be discussed in the open session.

Sri Dayananda Sagar, who was seated next to Sri Krishnappa, stood up and said it was not a child's play and Sri Alva had wounded the feelings of 1.5 crore people of old Mysore.

In a raged voice, he said old Mysore leaders were being made extinct. This was a serious issue and needed earnest consideration.

Sri Krishnappa said Dr. Alva had spoiled what the Chief Minister wanted to achive diplomatically. The issue could not be solved in the streets of Bangalore.

There were heated exchanges between some members and Sri Dayananda Sagar and Sri Alva.

The Chief Minister, intervening, regretted the incident and appealed to members not to create heated atmosphere in the meeting.

Sri Veerendra Patil said that immediately after Sri Krishnappa's resolution was read, he had intervened and assured that the necessary data would be collected and placed before a joint meeting of the MPCC Executive and the Legislature Cengress Party.

He said that such a collection of figures would help in thrashing out the issue and if really there had been any injustice they were always ready to remedy it.

After the assurance of the Chief Minister, the MPCC took up the two non-official resolutions.

Languages Institute In City

Mysore, June 16

The Union Education Ministry has decided to locate the proposed Central Institute of Languages in Manasa Gangotri, the post-graduate campus of the Mysore University.

This was disclosed by Vice-Chancellor K. L. Shrimali here today.

The Institute, for the present, would be located in the building of the Institute of Panchayat Raj Co operation.

Resolution On Corporation Adopted

Mysore, June 16

The Mysore Pradesh Congress Committee yesterday adopted unanimously a resolution moved by the City Congress President Sri H. Kempe Gowda urging the Government to convert the City Municipal Council into a corporation.

The resolution pointed out that the city was the second biggest in the State having a population of over three lakhs and had all the requisits for becoming corporation. The resolution was seconded by Sri T.N. Narasimhamurthy.

The MPCC adopted another resolution which stood in the name of Smt. P.R Jayalakshamma pleading for training to women members during the Gandhi centenary year in the party's constructive programmes, including the welfare of women and children.

Mysore, June 16

Dr. Nagappa Alva, MPCC President, today visited the local branch of the Indian Bank. Sri Alva is one of the directors of the bank.

MALAPPURAM DISTRICT

The controversial Malappuram District will come into being in Kerala today with the taking over charge of the newly appointed collector.

Aid To Industries Assured

Mysore, June 16

Chief Minister Veerendra Patil assured all help from the Government for entrepreneurs starting new industries in the oustskirts of Mysore City.

Sri Veerendra Patil, Municipal Administration Minister B. M. Patil and Union Minister of State Gurupadaswamy were accorded civic reception here on Saturday.

The Chief Minister agreed that the city had not made due industrial progress. He said it was not necessary that industries should be started in the city alone. Sri Patil wanted industries outside the city to maintain the beauty.

He called upon the civic fathers to forget their party affiliations and work unitedly to provide all facilities to the rate payers.

Sri Gurupadaswamy referred to a request made in the civic address for taking up of the Chamarajanagar-Satyamangalam rail line, explained the policy of the Government in respect of new rail lines and said it would not be possible to take up the scheme for another five years.

Sri B. M. Patil referred to the plea made in the address to drop the proposal of converting the Municipal Council into a corporation.

He recalled the resolutions unanimously passed by the Council urging for corporation status and said it would be decided on its merit and also bearing in mind the wishes of the people.

The acceptance of the Council's plea for abolition of cycle tax depended upon the Municipality's income, he added.

DO NOT HARASS TOURISTS

Mysore, June 16

Chief Minister Veerendra Patil advised taxi drivers not to harass and exploit the tourists visiting the city.

He was inaugurating the Taxi-Drivers' Union here yesterday. Sri Aziz Sait, MLA, presided.

The Chief Minisier said it was known that many taxi-drivers charged the tourists excessively and followed malpractices. This would not bring a fair name to the city, he said.

Sri Patil asked the taxi-drivers to become owners of taxies by purchasing cars through banks. He assured all help from the Government if they formed a co operative society to purchase taxies.

Earlier, Sri M. Shivanna, Union President, welcoming said there were 150 taxies in the city

POMPIDOU ELECTED NEW PRESIDENT

France yesterday voted Gaullist Georges Pompidou as its President for the next seven years. M. Pompidou, who was Gen. de Gaulle's Prime Minister, defeated centrist Alain Poher, the interim President.

Earlier, presenting the addresses President M. N. Thimmiah urged for new industries in the city and handing over of the Dasara Exhibition to the Municipality.

He wanted the Government to give up the proposal of corporation status to Mysore as it would entail in enhancement of house tax from 17.5 per cent to 28 and the Municipality losing the Government's grant of 50 per cent of the DA paid to municipal employees.

Accept Mahajan Report

Mysore, June 16

Chief Minister Veerendra Patil declared here yesterday that the people of Mysore would not be a party to any course other than a total acceptance of the Mahajan Commission award on the Mysore-Maharashtra border dispute.

Intervening in the debate on the official resolution in the MPCC, the Chief Minister regretted the delay by the Centre and the Congress Working Committee in implementing the Commission's recommendations.

He said that one day or the other, a final decision had to be taken. By postponing a decision on the issue more complications would be caused. The Centre would be giving room for agitation by delaying the decision, Sri Veerendra Patil warned.

The resolution, moved by Sri D. M Siddiah and adopted unanimously, urged the Congress Working Committee and the Central Government to consider the long pending issue immediately and implement the award.

PROJECTS IN CAUVERY BASIN

The Chief Minister also announced that the Government would 'book' all the waters of the Cauvery river by undertaking the projects in the basin and would not allow any of its legitimate share to go by default after the expiry of the 1924 agreement.

An official resolution on the subject regretted the delay in the constrction of Harangi, Hemavati and Kabini projects. The Government should take note of the fears this delay had generated in the minds of the people and take up the work without further delay, it urged.

Kabini Project By 1971

Nanjangud, June 17

Chief Minister Veerendra Patil stated here yesterday that the Kabini project in H. D. Kote Taluk might be completed by 1971.

Sri Patil who was laying the foundation stone for the new office of the taluk agricultural produce marketing co operative society, advised the ryots to obtain all facilities through the co-operatives. The starting of a soil testing laboratory and a manure mixing plant would be considered, he said.

Sri M. S. Gurupadaswamy, Union Minister of State for Co-operation, who laid the foundation stone for a godown of the society, said Rs. one lakh would be spent on construction of warehouses in the State during the fourth plan.

He appealed to the people to evince interest in the proposed sugar factory in the taluk, which had been sanctioned

Sri Gurupadaswamy said the hold of vested interests in the co-operative field should go and the exploitation by them should come to an end. No individual should serve for more than two or three years in societies, he added

Sri H.M Linganna presided.

Sri M. Madiah unveiled a portrait of Mahatma Gandhi.

Sri Naganna welcomed the gethering.

Sri Mahadevappa proposed a vote of thanks.

JOURNALIST HONOURED

Mysore, June 17

Tributes were paid to Sri N. Srinivasa Murthy, journalist and member of the Mysore University Senate, at a function organised by Sri Srikantha Samskruti Sangha here on Sunday.

Sri M. Rajasekhara Murthy, Minister for Industries, who presided, praised Sri Murthy's services in the field of education by continuously being a member of the Senate for the past 25 years and also as journalist.

He said the practice of honouring men who had done service to the society was a good practice as it gave recognition and encouragment to them.

Prof. D. Javare Gowda and Prof H. S. Krsihna Swamy Iyengar said that Sri Srinivasa Murthy had made good contribution to the Kannada language and Kannada journalism.

Sri Murthy thanking for the felicitations said that his main goal was public service and expressed his happiness at the growth of Kannada language in Mysore University.

EDN. SYSTEM FAILS TO INSPIRE YOUTH

Mysore, June 17

Vice-Chancellor K. L. Shrimali said here yesterday that growing fissiparous tendencies and divisive forces in the country could be traced partly to failure of educational system.

He was inaugurating a three day Conference on Teacher Education at the Regional College. Principals and teachers of colleges in the five Southern States of Mysore, Madras, Kerala, Andhra Pradesh and Pondicherry, are attending the conference, organised by the University Grants Commission.

Dr Shrimali regretted that education which was vital instrument to bring about social changes and integration of the country had not been utilised for the growth of the society. The youth had not been inspired to democratic values and integrated with the society.

The Vice-Chancellor pleaded for greater attention to teacher education and a change in the curriculum of the teachers training colleges.

JAYCEE VICE PRESIDENT

Mysore, June 17

Sri Bahadur Singh Bothra, Vice-President, Operations of the Indian Junior Chamber, addressed the members of the local Junior Chamber here on June 14. Chamber President Dwarkanath presided. Joint Secretary A.K. Char proposed a vote of thanks.

CM's Assurance on New Rail Line

Mysore, June 17

A deputation met Chief Minister Veerendra Patil here yesterday and urged for writing to the Centre to give first priority to the Chamarajanagar - Satyamangalam rail line in the list of eight new rail lines suggested by the State Government.

The Chief Minister is understood to have told them that the State had only recommended the new rail lines without suggesting any priority and it was up to the Centre to choose any line it thought feasible

However, he is said to have assured to write to the Centre urging for taking up the Chamarajanagar-Satyamangalam rail line in the fourth plan.

The deputation consisted of Messrs. M. K. Lingiah, Municipal President M. N. Thimmiah, R. Vasudeva Murthy, A. Ramanna, Taluk Board President A.S. Guruswamy and Nanjangud Municipal President Made Gowda.

They also met Industries Minister Rajasekhara Murthy and Public Works Minister Lakkappa, who are stated to have assured all their help in getting the line included in the fourth plan.

OUTMODED SYSTEM SHOULD GO

Prime Minister Indira Gandhi has called for the reform of India's outmoded administrative system. 'We have to find ways of cutting the red tape'.

She cited the example of Malaysia which had evolved a device to dispose of work quickly. More and more stress was laid on telephontic instructions to the staff and files had been relegated to the background. Files were kept out but work preceded files.

Malaysia had also set up a control room to watch the progress of its plans. Tapes were played back to pin the blame on officials who lagged behind in achieving the targets.

PARTY PLAN

Prime Minister Indira Gandhi yesterday suggested that the Congress Party should evolve its own one-year Plan or Five-year Plan to assess its achievements and failures.

The party should review periodically its targets to see whther it was going ahead or backward. Such a party plan would help the Government's Five-year Plan, she said.

Revolving Fund For Housing

Bangalore, June 19

The creation of a Rs. 200 crore revolving fund for accelerating the housing and urban development programmes was suggested by Union Housing Minister Shah here yesterday.

He was adddressing the eleventh conference of Housing Ministers.

Expressing dissatisfaction over the slow pace of work in housing, he said only dynamic and far-reaching steps could break the bone of the big problem and unless they were taken immediately 'we will be inviting trouble in the near future'. He said luckily the problem was not beyond solution. The country had the capacity to produce the requisite materials, the organisational framework which with suitable adaptation and expansion, could undertake succcessfully much larger programmes than at present What was needed was the initial capital with a suitable period of moratorium in the repayment of both capital and interest.

Expressing himself against the 'dangerous trend' of an inverse ratio between the physical gap in housing and financial provision made, Sri Shah said that all the schemes taken together had produced only about four and a half lakh houses in the entire country over the last 18 years.

He blamed the 'input-output ratios' principle for the policy of low priority for housing in some parts of the world and said 'we seem to have been following this policy and continue to follow it while most other countries have turned away from it'.

GIRI'S TIPS TO END UNEMPLOYMENT

Acting President Giri has emphasised the need for taking urgent steps to solve the unemployment problem facing the country.

He said the youth of the country was feeling frustrated because of lack of employment opportunities. The only solution to this problem of unemployment was the creation of a network of small-scale and cottage industries throughout the country.

In every district, he said, 1,000 to 2,000 acres of land must be set apart for starting land colonies where unemployed youth could be given intensive training in agriculture and agro-industries. After the initial training the youth could go to villages nearer their homes, and start with State-aid small-scale industries and also take to farming on scientific lines.

Staff Improvement Urged

Mysore, June 20

The three-day UGC conference on teacher-education, concluded at the Regional College of Education here, has recommended to the authorities to give top priority to staff improvement.

The steps include holding of summer schools and correspondence courses, orientation institutes for new staff, university classes after school hours, membership on professional associations, well planned faculty meetings and exchange of staff between colleges and research fellowships and grants.

Improvement on student-teaching and strengthening of co operative schools and master teachers must also be given high priority. The conference felt that curricular and examination reforms were essential and recommended to the universities to carry out these expeditiously.

The conference welcomed the UGC suggesstion for establishment of schools of education and comprehensive colleges and wanted them on experimental basis.

High priority had to be given during the fourth plan for preparation of instructional materials for training colleges. As a first step it was proposed to enlist eminent teachers interested in contribution to the publication of textbooks and other materials for the trainning colleges.

New Projects By Rotary

Mysore, June 23

To mark the silver jubilee, the Rotary Club of Mysore has undertaken three community service projects.

They are: institution of a gold medal in the Mysore University by donating Rs. 2001 for awarding to a student getting the highest marks in B. Sc., construction of a Rs. 1.25-lakh building for the Rotary Children's School and assisting the "Karunagruha", a home for handicapped children in Melkote.

These were announced at the silver jubilee celebrations held yesterday by Rotary's Past Governor F. K. Irani.

Dr. M. N. Mahadevan, who was the chief guest, complimented the Mysore Rotary Club on its steady progress and achievements. He called upon the members to rededicate themselves to the ideals of Rotary, namely to bring about better understanding between individuals, respect for law and order and decent ethical standards and above all service to community.

Municipal President M. N. Thimmiah, formally inaugurating the Rotary Children's School, commended the Rotary's services especially in the city.

In this connection, Municipal Councillor Chowdiah announced a donation of Rs. 5,000 to the school.

Club President P. R. Sitaram, in his report, detailed the various achievements during the past 25 years.

A cheque for Rs 2,001 was presented to SriSurendra Koujalgi of Karunagruha for starting a poultry farm. Benches and desks were donated by the club to the Superintendent of Deaf and Blind School. Sardar K. Basavaraj Urs presented 50 canes to the blind boys.

Mrs. Sheela Irani pinned the silver jubilee badges to the members. Two charter members, Sri K.M. Subba Rao and Sri Basavaraj Urs, were honoured on the occasion.

Sri N.N. Sastry, Past President, proposed a vote of thanks.

Sleeping City!

Mysore, June 23

"Mysore City is a sleeping city. It may be due to tradition or climate. It may not be the climate, because it is warmer here than in Bangalore", remarked Sri Ramakrishna Hegde, Minister for Finance, here today.

While speaking at the inauguration of the Mysore Branch of the Bank of India, Sri Hegde was obviously referring to the plea that the city had not grown enough.

Although the Government had offered special incentives to start industries in places like Mysore, the industrialists were not coming forward. But small scale industries could be started by the local people. Only a little active mind and active body, was necessary, he said.

If the people of Mysore City did not come forward and the city remained industrially undeveloped, the blame went to Mysore people only, he added.

Nationalisation Of Banks Decried

Mysore, June 23

"We must cry a halt to the idle talk of nationalisation of banks. By exercising some controls on them, we can obtain a better service than by nationalising them", Finance Minister Ramakrishna Hegde said here today.

Inaugurating the Mysore Branch of the Bank of India, Sri Hegde said: "There are some people who think that nationalisation is panacea for all ills. They do not know that before nationalisation we must build the capacity and skill to run them."

The nationalisation of Life Insurance Corporation and then the Imperial Bank had not given the desired benefits. If somebody thought that by putting Government officers an organisation could be run, they were mistaken, he said.

The banks, Sri Hegde said, must also realise that they wereoperating on public funds. They must function as trustees of these funds. It would be wrong and unethical if they helped only a group for their own benefit. The banks were now becoming aware of their social obligations and duties.

The measures introduced by the Government of India on banks had helped the already perceptible attitude among the banks to have a change in their outlook. They were today almost vying with one another in serving rural areas and financing rural development programmes.

The Minister called upon the banks to tap the rural reseources, especially the prosperity pockets, to finance the State's Fourth Plan.

He said the Government wanted a plar of Rs. 440 crores. But due to resources in sight and the limited assistance from the Centre, it had to tentatively agree to a smaller plan.

The Government was expecting about Rs. 100 crores from financing institutions including scheduled banks towards the plan, he said.

Earlier, Sri Parthasarathy, one of the Bank's Directors, welcoming the gathering, assured that the bank would join the Government in the development of agriculture and industry in the State.

Sri B. G. Karnik, Regional Manager, proposed a vote of thanks.

High Choultry Rates Criticised

Mysore, June 24

Both ruling United Front members and the Opposition Congress members yesterday urged in the Municipal Council putting certain conditions on the managements of choultries and 'kalyana mantaps' which sought free water supply and mohatarffa concession from the Municipality.

When a subject on exempting the building tax to a 'kalyana mantap' in K.R. Mohalla came for discussion, Sri Jogi Siddiah said that the choultries should be open to all castes, including the Harijans.

Sri Vedantha Hemmige questioned the need to give these concession to 'kalyana mantaps' where exhorbitant charges were collected from the people. Although the Muuicipality had given water concession, the managements were collecting these charges also, he said.

Sri Hemmige said that the 'kalyana mantaps' were not like the old choultries which were available to one and all at moderate rates.

Sri Chowdiah supported Sri Hemmige.

Dr. P. D Krishnaswamy wanted that the choultries and 'kalyana mantaps'' should be open to people of all castes and no encouragement should be given to the managements who insisted only particular communities to use the 'kalyana mantaps'.

The Council unanimously agreed to increase the vehicle allowance to the President and the Vice-President from Rs. 300 and Rs. 150 a month to Rs. 500 and Rs. 250, respectively.

Sri B. C. Lingiah said that although the move had been brought by the Congress Party itself before the elections, whether it would be all right for the United Front to ask for an increased allowance while making speeches that they were prepared to do anything for the poor.

Smt. Soundaramma suggested increase of Rs. 100 to the President and no increase to the Vice-President.

Delivering the valedictory address of the fortnight long orientation course for new junior college teachers, organised by the Mysore Varsity's Post-graduate Department of Education, Dr. Shrimali said : 'Many of our difficulties arise because as soon as we become lecturers we feel we are a separate class by ourselves and keep aloof from the students'.

Dr. Shrimali advised the teachers to understand the feelings and emotions of the students and be a guide to them.

DECISION ON PRESIDENCY

Bangalore, June 24

Congress President Nijalingappa said here yesterday that the Congress Parliamentary Board would meet on July 9 in the city when a decision on the party's candidature for the Presidentship would be taken.

Losing Land : Growing Population

Seven times as many people crowd the earth today as Shakespearen times. Mankind will double again before its children reach retirement age.

But the land that feeds man is shrinking. Already more than 1,000 million arable acres have been lost to erosion or salts that sterilise the soil. Two-thirds of the forest lands have been lost.

Under man's domination over the birds and beasts, 150 species have vanished altogether and many more are fading away.

Cities are becoming slum ridden centres of population, congestion and noise because governments have failed to cope with mass urban migration.

World population in mid-1967 was 3,420 million 510 million above the mid-1958 figure. Asia excluding the Soviet Union had the largest population by region, 1,907 million, of which 720 million were estimated to live in China and 511 million in India.

In this century, the problem is worse for the poor nations than the rich. From 1920 to the end of the century city population in the developing nations will rise 20 times from 100 million to an estimated 2,000 million. In the same period, the industrialised countries will see their cities grow four times.

Finally, man's own genius for invention has not only conquered nature, but sown seeds for its destruction.

The UN report on problems of the human environment giving these grim facts said overcrowding, urban glut and technological backlash can spell global crisis within the lifetime of most people alive today, unless concerted action averts it.

MORE LIFE FOR FRUITS

How much vegetables and fruits do we lose every year?

A recent survey shows that about one-third of them never reach the consumers. They perish, either in storage, or during transporatation.

Much of this loss is avoidable, provided the fruits and vegetables are properly preserved.

The Central Food Technological Research Institute, Mysore, have now come out with a wax emulsion to preserve these highly perishable articles of food. The cost of treating 100 oranges, apples or mangoes or 100 pounds of potatoes or bananas will be only about 13 paise. As this emulsion is made from indigenous raw materials, it is within the reach of every one.

Fruits treated with wax emulsion not only last longer, but also look more attractive, thus improving their marketability.

CYCLE TAX ABOLITION?

Mysore, June 28

The uncertainty regarding cycle tax in city is likely to continue for some more time until the Government takes decision about it.

This was the impression got by newsmen at the Press Conference convened by Municipal President M. N. Thimmiah today.

The ruling United Front, which had assured the tax payers of the abolition of cycle tax, had asked the Government's approval.

In the meanwhile, the tender for preparing cycle badges had been approved by the Municipal Council.

To a query from the Government, the President had pointed out that the loss due to cycle tax abolition could be made over in the revenue to be derived from the newly acquired Lansdowne Buildings, revision of house tax assessment and the new Dhanvantry Road shops.

Sri Thimmiah expressed the hope that the Government would accept the Council's proposal soon.

He replied in negative to a question whether he could enlighten the public whether they should pay the tax this year or not in view of the badges being already prepared.

UF's ACHIEVEMENT

The Municipal President allaying the criticism that the United Front which had come to power about six months ago, had not done anything and impressed the citizens, Sri Thimmiah said that within 45 days it had removed 403 lorries of debris accumulated over two years in the city That was one of its main achievements, he claimed.

NO RIFT

The President also repudiated the reports that there were differnces between himself and the Vice-President.

To a question on none of the Congressmen finding a place in the nominations to various committees, he said that the UF had followed the Congress in this regard.

FELICITATION COMT.

Blind School Shifting Opposed

Mysore, June 28

Municipal President M. N. Thimmiah today opposed shifting of the Deaf and Blind School from Mysore City. The Government, by shifting this school, would be doing a great injustice to old Mysore, he said.

Addressing a press conference, the Municipal President said that in this connection, a four-member delegation recently met Social Welfare Minister V. L. Patil and Municipal Administration Minister B. M. Patil.

At the meeting they were told that on the suggestion of the Director of the Speech and Hearing Institute, the Government had proposed to separate the blind and deaf from being in one place and intended to move all the blind students to various centres in the State.

However, in view of the insistance to retain the schools in Mysore City, the Minister is stated to have assured them that if the Municipality was prepared to put up dormitories for the students the school would be retained there alone.

Sri Thimmiah assured the Minister that the suggestion would be placed before the Council for its approval.

5 YEAR PLAN FOR KHADI DEV.

Mysore, June 28

Sri S. K. Kallur, member of the State Khadi Borad, inaugurating a meeting of the representatives of Khadi and Village Industries Societies of Mysore, Coorg and Mandya Districts here yesterday suggested a five-year plan for the development of khadi and village industries to enable free flow of funds.

Sri Thagadur Ramachandra Rao, veteran Khadi worker, in his presidential address called upon the Khadi workers to forget their differences and work for the development of village industries.

Gramdan and Shanti Sena were necessary for the development of khadi and village industries, he added.

Sri S. Ramasubramanyam, Khadi Commission's State Zonal Office Director, Sri N. L. Patil, Secretary, State Khadi Board and Sri M. S. Gundu Rao addressed the representatives, who had met to formulate budgets for the year 1970-71.

Sri K C. Chamasetty, District Officer, welcomed the gathering.

BEGGARS' ACT TO BE AMENDED

Bangalore, June 28

A Bill to amend the Mysore Beggars' Relief Act to make it more effective in preventing begging in places where there are Parihara Kendras would be introduced in the next session of the State Legislature. The proposed amendment would give powers to intern a beggar to a maximum of seven years, instead of the present six months which has been found inadequate to bring about a change in the outlook of beggars.

Instal Water Meters

Mysore, July 1

Sri B. C. Lingiah, Leader of the Opposition Congress in the Municipal Council, yesterday pleaded for setting apart Rs. one lakh for providing meters to houses to check wastage of drinking water in the city.

He said that out of 20,000 house connections as many as 13,150 had no meters retulting in loss of revenue and wastage of water.

Smt.Soundaramma complained that there was irregular water supply in many parts of the city.

Dr. P.D. Krishnaswamy pointed out that men were not being allowed into 'Manuvana' park in the city. There was a board put up long ago permitting entry into the park to only children and women.

Welcoming the Commissioner's statement that a screening committee would be appointed for sweepers, Sri Cutinho suggested arranging sweepers in such a way that they could be diverted to areas as and when they were required.

Sri Jogi Siddiah wanted providing of underground connections to all the houses to augment the income of the Municipality.

A suggestion to number all the houses and putting up block-wise maps of the city at important places was made by Sri Appiah.

Sri Vedantha Hemmige wanted the police to be vigilant against anti nationals who had put up Mao posters in the city yesterday. These dangerous elements should be ousted out, he said.

Sri M. K. Lingiah suggested sending of a delegation to urge for air connection to Mysore City.

Commissioner P.P. Prabhu told the Council that block wise maps had already been prepared giving details about the number of houses, streets and street lights in the areas.

Printing Technology School For City

Mysore, July 1

A school of printing technology is likely to be started by the Centre in Mysore City. It has approached the Mysore University for making available land for the school at the foot of Chamundi Hills, it is learnt.

Sri Vedantha Hemmige, who made a reference to the proposed school at the Municipal Council yesterday said that the Municipality should assure all assitance for its setting up in the city.

The starting of the school here, he said, would help to a great extent to train the workers required for the West German Printing Press being set up in the city.

Sri Hemmige wanted all help by the Municipality for the Institute of Indian Languages to be started soon at the Mysore University.

Weed Out Vested Interests
CO-OPERATORS TOLD

Bangalore, July 1

Union Food Minister Jagjivan Ram and Chief Minister Veerendra Patil yesterday called for stringent steps to weed out dangerous vested interests from the co operative movement.

The Union Food Minister in his address to the conference of Ministers of Co-operation (his address was read out) pointed out the deficiencies in the movement such as lack of adequate member-participation, monopolisation of the benefits of the movement by relatively small groups of people, low level of business efficiency and excessive dependence on State aid.

One of the alarming aspects of the movement was the mounting of backlog of overdues accruing to the co-operatives, he said.

Sri Ram pointed out that the total amount of overdues was as much as Rs. 156 crores in respect of short and medium loans alone

Sri Patil said the problem was causing anxiety and also a serious setback to the efforts of increasing agricultural development.

Workers Bid To Burn Officials

An attempt to burn alive nearly 100 officials including the Managing Director of the Hindustan Housing Factory and station officer of the police station by the workers of the factory in Delhi was foiled by the timely arrival of the police yesterday.

Nearly 400 workers protesting against a cut in their wages had set fire to the factory's building housing the administrative section after locking the managing director, the police officer and other officers and workers of the section inside the building.

In the face of heavy brickbatting, the Delhi Fire Service personnel had to withdraw. They resumed the job after police rescued the trapped officers.

13-CRORE UK DEBT RELIEF

The United Kingdom yesterday gave India a debt relief of Rs. 13 5 crores against the Aid India Consortium's total debt relief of Rs. 75 crores for 1969-70.

The debt relief of UK, like the one for the same amount last year, is in the form of interest-free loan repayable over 25 years with a seven year grace period.

The city unit of the Jana Sangh has warned the people against the Mao followers and urged the police to take immediate action by arresting them.

LEGISLATURE PANEL ON SC WELFARE

Bangalore, July 3

The Mysore Cabinet yesterday decided to have a Legislature Committee to ensure proper implementation of welfare schemes for the Scheduled Castes and Tribes.

Industries Minister Rajasekhara Murthy, disclosing to newsmen said that Mysore State was the first to have such a committee to safeguard the Harijans' interests.

65-CRORE BENGAL DEFICIT BUDGET

The budget of the United Front Government in West Bengal for 1969 70 presented to the Legislative Assembly yesterday by Chief Minister Ajoy Mukherjee revealed a deficit of Rs 65.55 crores.

Sri Mukherjee promised to meet the deficit by raising about Rs. 75 crores by additional taxation. He also sought rescheduling of repayment of Central loans.

AID TO SMALL FARMERS

Bangalore, July 3

The Government of Mysore proposes to set up pilot projects in two districts of the State for implementing the Central scheme of helping small farmers who cannot get help from any other source.

Under the Rs. 30-crores Central scheme to be implemented in 25 districts in the country, Mysore will get Rs. 1 25 crores to be spent in one district.

The State Government proposes to make a matching grant so that the project could be taken up in two districts.

PLEA FOR DIRECT TALKS

President Suharto of Indonesia yesterday expressed the hope that India and Pakistan would succeed in resolving their mutual differences through direct talks.

Indo-Pakistan relations figured between Indira Gandhi and President Suharto.

Both of them stressed the need for greater collaboration among non-aligned countries for peace.

The communique said that in view of the changes that were taking place in Asia, the two leaders stressed the urgent need for regional economic cooperation.

3 KILLED IN TRAIN MISHAP

REMOVAL OF VESTED INTERESTS IN CO-OPS

Mysore, July 3

Sri M. S. Gurupadaswamy, Minister of State for Co-operation, said here today that in order to end capitalistic tendency and help the growth of better co-operative movement, the Co-operation Ministers Conference held recently at Bangalore had decided to remove as far as possible vested interests in the movement.

He was inaugurating the District level Co operative Conference at the Co-operatorts' Home Deputy Co-operation Minister B L. Gowda presided.

Sri Gurupadaswamy called upon the co operators to run the co-operative efficiently and enlarge their activities to other fields. The freedom they enjoyed depended on their own honest and efficient functioning which would give no room for Government's interference. If they worked on principles based on law there could be no groupism also, he said.

Earlier, Sri R. P. Revanna, President, District Co operative Union, welcomed the delegates.

LIFT IRRIGATION BY CO-OPS

Bangalore, July 3

Lift irrigation schemes so far executed by the Public Works Department in the State will henceforth be implemented by co operatives.

This decision was taken by the State Cabinet yesterday.

Under the new scheme greater financial assistance would be available from the Agricultural Refinance Corporation.

STALEMATE IN BIHAR

Bihar Governor Nityanand Kanungo is understood to have informed the Centre that in the present circumstances no stable Ministry could be formed immediately and President's rule might become inevitable.

The Pradesh Congress Executive and general body of the Legislature Congress Party have directed PCC Chief Sharma and Party Leader Haribar Singh to try to form a popular Government in the State.

Congress President Nijalingappa yesterday warned the Bihar leaders against any hasty attempt to form a Ministry.

REVIVAL OF AIR STATION IN CITY

NEGOTIATIONS GOING ON

Mysore, July 4

Information Minister Rajasekhara Murthy disclosed here today that negotiations were going on to revive the old Akashavani Station in Mysore City.

Addressing the South Zone Intermedia Co-ordination Committee meeting organised by the Ministry of Information and Broadcasting, the Minister said that there was also a proposal to have a relay centre at Mercara.

The area of coverage of Bangalore, Dharwar, Bhadravati and Gulbarga stations was rather limited. The strength of the transmitters installed in the State should be strengthened and more relay centres opened to cover the entire State by radio, he said.

More Milk Booths

Mysore, July 4

It this connection, a survey will be conducted in all the localities where there is milk shortage and the public are requested to co-operate in making the survery a success.

'ON WRITING A NOVEL'

Mysore, July 4

An urge to give expression to his own experiences in life as a rebel with a background of the influences he had by the writings of men like Karl Marx made Dr. U. R. Ananthamurthy to write "Samskara", now being filmed.

Dr. Ananthamurthy, Reader in English in the Regional College and also a well known writer in Kannada, yesterday, addressing the Rotary Club spoke 'On Writing a Novel'.

In his interesting talk, the speaker called his novel 'not a realistic one but a philosophical novel'. One of the reasons to write the novel was to escape from the high pressure on mind while he was studying in England Another reason according to Dr. Ananthamurthy was that, he knew what it was to rebel. But what he had used mainly in his novel was the dialectical principle of Karl Marx which had a great influence on the author.

More Publicity For South In North

MINISTER'S PLEA

Mysore, July 4

Sri M. Rajasekhara Murthy, Minister for Information, today called for adequate publicity in the North to what was happening in the South.

Inaugurating the Meeting of South Zone Intermedia Co ordination Committee of the Union Ministry of Information and Broadcasting at Lalitha Mahal, he said. "Even after 22 years of Independence, it is a pity that knowledge about the Southern States in the North is rather meagre. Many exciting developments are taking place in the South and they require to be adequately publicised in the North."

The Minister called for better publicity programmes through the raido, the stage, the film and other media and also better co ordination between various publicity departments.

He suggested strengthening the raido rural forum and starting of more listening clubs for women, youth and children It was desirable to increase the number of regional news bulletins with more local news content, he said.

The Minister also suggested shortening of national news bulletin in Kannada or in other regional languages broadcast from Delhi by five minutes so that regional news could be broadcast immediately afterwards from the regional AIR stations.

Stressing the importance of effective use of radio for publicity, Sri Rajasekhara Murthy said the coverage of undesirable things like strikes, Gheranes, demonstrations, etc. had to be balanced with news of the changing face of rural India.

Disturbances in a legislature, or demonstrations and strikes, certainly made news. But, if the radio news bulletins, dealt more with such items that the more important and vital developments in the country, the listeners particularly in the rural areas might get the impression that the country was going to pieces, he said.

He wanted regional bias in documentary films, setting up of film libraries in State capitals, a scheme for taking youth leaders and brilliant students to development projects in other States, more frequent tours by the Central Song and Drama units and organising national drama festivals at different centres in the country.

Sri K. K. Das, Secretary of the Ministry of Information and Brodcasting, proposed a vote of thanks.

KEEP POLITICIANS OFF FROM LANGUAGE, CM

Mysore, July 5

If language, education and knowledge had to develop they should not go into the hands of politics or politicians, declared Chief Minister Veerendra Patil here today.

He was declaring open the new building of the Institute of Kannada Studies at Manasa Gangotri.

The Chief Minister said that development of any language required determination and encouragement. But wherr politics interfered development would be retarded.

Giving out his personal experience of his education in the Osmania University, Sri Veerendra Patil said that all subjects were taught there in Urdu only. The translation bureau of the University had brought out a number of required books in Urdu from various other languages. Even engineering, medicine and philosophy were taught in Urdu.

However, the Chief Minister said that he did not regret his learning in Urdu. It was the determination to teach in Urdu which had proved that it was not difficult to teach in the regional languages.

Although he was a Minister since 1961, Sri Patil said that this was his first visit to the University campus. He praised the services of Dr. K. V. Puttappa as the Vice Chancellor.

Education Minister K. V. Shankara Gowda, who unveiled a bronze statue of 'Kuvempu' said there was no two opinion that the regional language should be the medium of instruction.

Although classes in Kannada medium had been started both in Mysore and Bangalore Universities, he regretted, enough students were not coming forward to join them.

For this, the Education Minister blamed for not making Kannada the administrative language of the State. Althoug over 20 years had passed since the formation of the State, the progress in this regard was unsatisfactory, he said.

Earlier, Vice-Chancellor K.L. Shrimali welcoming the gathering, expressed the hope that the Kannada Institute would play a vital role in the development of higher education.

Dr. D. Javare Gowda, Director of the Institute, proposed a vote of thanks.

Members Fight In Bengal Assembly

Members of the United Front and Congress exchanged blows in the West Bengal Assembly yesterday.

In the scuffle, one Congress member, SriAnimesh Mukherjee, received a bleeding injury below his left eye His shirt was torn and four microphones on the Congress benches were smashed.

The trouble arose when Sri Mukherjee suddenly rushed to the Speaker's rostrum in the midst of angry exchange between the United Front and Congress members and snatched away papers from which Speaker Bijoy Kumar Banerjee was reading.

Immediately about 30 members of the UF advanced towards the Congress members and there was more scuffling when the Speaker abruptly adjourned the House.

When the House reassembled, Sri Mukherjee apologised for his conduct. When the Speaker refused to concede to the demand of Congress members to ask the UF members to apologise, the entire Congress Opposition walked out.

Apollo-11 Voyage

The final countdown for Apollo-11 is due to start on Thursday night. The Saturn-5 rocket will blast the astronauts towards a moon landing six days later.

If all goes well, Armstrong andAldrin will land their four-legged lunar module ferry craft on the moon on July 20, while Collins pilots the main ship in orbit 60 nautical miles overhead.

The astronauts will place on the lunar surface three scientific instruments which could tell scientists how rapidly continents on earth are drifting apart and whether the moon's interior is molten mass or solid rock. They may also hear meteors striking the surface and find gas particles in radiation streaming through space from the sun.

The gas particle collector will be brought back by the astronauts. But the two other instruments will operate long after Apollo-11 astronauts leave the moon.

When the astronauts return to earth on July 24 they will begin 21 days quarantine, the longest incubation period of known diseases, to prevent them contaminating the earth with any moon germs.

The astronauts are being secluded from outside contact to protect their health and also to prevent them contaminating the moon with terrestrial diseases.

Telegraph Office Shifting Criticised

Mysore, July 9

Both the ruling United Front and the Opposition Congress members in the Municipal Council yesterday bitterly criticised the Posts and Telegraphs Department for shifting the telegraph counters from the Sayaji Rao Road to J. M. Palace Road.

Sri B. C Lingiah and Sri Srikanta Sharma said that the Department which was supposed to give more facilities to the public was causing inconvenience by shifting the counters from a spacious place to a congested one where not more than a few could stand.

The public had to park their vehicles on the road which was already busy. Besides, they had to breath the bad adour from the opposite lane.

CASH AWARDS FOR SMALL SAVINGS

Mysore, July 9

Cash awards ranging from Rs. 100 to Rs. 1,000 will be made to officers who popularise the national savings scheme in the district.

This was disclosed at the District Co-ordination Committee which met here on Monday under the chairmanship of Deputy Commissioner N.P. Singh.

The meeting decided to organise two NSS shibirs during the year in Mysore and Chamarajanagar taluks to give training to officials and non officials to intensify savings specially in rural areas.

Jowar Crop Fails

Mysore, July 9

The Deputy Director of Agriculture told the District Development Council, which met on Monday, that although rains had failed in the district, the hybrid jowar was giving 60 per cent yield while the local jowar crop had completely failed.

He said under the intensive agricultural area programme for the year, target of 1.52 lakh acres under paddy, ragi, jowar and groundnut had been fixed. He hoped that atleast 60 per cent of the area would be covered under the crops.

It was also proposed to cover in kharif and rabi season 10,500 acres under paddy. 11,600 under hybrid jowar, 2,000 acres under hybrid maize and 100 acres under Mexican wheat.

The meeting approved the budget estimates of the taluk boards of Yelandur Rs. 3,39,537, Gundlupet Rs. 6,74,456 and K. R. Nagar Rs. 7,14,533

The Secretary of the District Central Co-operative Bank said that the Bank had advanced short term loan to the tune of Rs. 27 lakhs.

Deputy Commissioner N. P. Singh, who presided, placed before the Council an estimate of Rs. 2.50 lakhs for repairs of junior and senior primary schools.

The Committee also reviewed the progress during the quarter ending June. The target fixed was Rs. 20 lakhs gross and the collection was 23.52 lakhs. The target fixed under the net amount was Rs. 3.75 lakhs and the achievement was Rs.5,04,068.

SWEEPERS STRIKE ILLEGAL

Mysore, July 9

The indefinite strike from yesterday by the sweepers in the city was 'illegal', said President M N. Thimmiah in the Municipal Council yesterday.

About 700 municipal sweepers began an indefinite strike to press their eight point demand, which include supply of uniforms, confirming the temporary posts and filling up vacant posts.

Sri Thimmiah making a statement said that the strike was 'illegal' as the scavengers had not served any notice to the Council. It was also an essential service to maintain the sanitation and cleanliness of the city and according to the new rules they had no right to strike.

The Civic Chief explained that the main demand of the sweepers was supply of two sets of uniform. The Council had sent its decision to the Government for approval. The Government while turning down the request had agreed to give one set of uniform every two years. This had been pointed out to the sweepers' representatives.

Sri Thimmiah deplored anti-social activities by some sweepers and also their action in going on strike under the banner of a political party.

While the Council was proposing to give pension benefits to the sweepers, it was uncalled for on their part to resort to strike. If recourse was taken to law, their jobs might be affected, he warned.

Vanamahotsava was celebrated yesterday in the city. Divisional Commissioner K. Balasubramanyam, Municipal President M. N. Thimmiah, Deputy Commissioner N.P Singh, Municipal Commissioner P. P. Prabhu planted saplings at the Deputy Commissioner's office premises. A procession was taken out through the main streets to Town Hall.

A seminar on Vanamahotsava was inaugurated by the Divisional Commissioner at Town Hall. He called for the development of forest wealth in the State.

Sri M. N. Thimmiah, who presided, said that the municipality had proposed to plant 250 saplings on Mysore-Bangalore and Mysore-Krishnarajasagar road as part of an Vanamahotsava.

CO-OPS. REFORM REPORT

Bangalore, July 9

The Committee constituted by the State Government under the chairmanship of the Deputy Minister for cooperation Sri B.L. Gowda, submitted its unanimous report to the Government yesterday.

Sri Gowda told newsmen that the committee had recommended certain far-reaching reforms to weed out vested interests from the cooperative movement.

The most important measure was that a person should not be allowed to serve as chairman, managing director or secretary of a society simultaneously in more than two societies; also holding of such offices should be restricted to six years.

PROTECT WILD LIFE

Prime Minister Indira Gandhi yesterday expressed her deep concern at the fast extinction of wild life in the country.

Inaugurating the seventh session of the Indian Board for Wild Life, she said two great enemies of wild life were economic progress and personal greed. She called for special instructions to engineers and administrators to preserve wild life and conserve nature.

She said that State Governments should give priority in seting up bird sanctuaries and wild life parks near some of the new dams and reservoirs.

VC GHERAOED

SN For Action Against Marxists

Bangalore, July 11

Congress President Nijalingappa yesterday asked the Central Government to take a serious note of the Marxist leaders Namboodripad and Gopalan's statements that they would utilise the power conferred under the Constitution to break it and destroy democracy by unleashing discontent among the people.

Addressing the AICC session, he said 'it is high time that we face these challenges'. The Government too should take serious note of these things and deal with them, he added.

RAIL LINE NOT TO BE SCRAPPED

Nanjangud, July 11

Deputy Railway Minister Chaturvedi assured here yesterday that the Nanjangud - Chamarajanagar line would not be scrapped. Civic Chief P. Made Gowda, urged the Minister to extend the Bangalore-Mysore service up to Nanjangud.

A PARADOX

Bangalore, July 11

Addressig the AICC session here yesterday, Congress President Nijalingappa said it was a paradox that there was more violence in the country than ever during the Gandhi Centenary Year.

He said this was very unfortunate. There was violence in Telangana, West Bengal, Kerala and other places.

Astronauts' Footsteps Will Be 'Heard' On Earth

Footsteps by the first man on the moon may be 'heard' by scientists on earth.

It will not be the sound of a boot stamping on ground. There can be no sounds above the moon because it has no atmosphere. What the scientists will observe is the movement of a needle on a dial.

The needle will be triggered by radio signals transmitted from a seismometer on the moon. Setting up this seismometer is part of several scientific projects the astronauts will perform during their visit to the moon.

Equipped with its own small radio transmitter and receiver, the seismometer will automatically relay its findings to earth The device is so sensitive that scientists say it will also react to the relatively minute shockwaves caused by the astronaut as the walks away from the machine after setting it up and turning it on.

Thus, each step taken by an astronaut near the machine will show up on instruments on earth almost like a minor moonquake.

PARTY FEE RISE OPPOSED

Bangalore, July 11

The AICC members, who spoke yesterday, bitterly criticised the official proposal of Sri S. K. Patil to rise the primary membership fee and overhauling the party's constitution. Strong criticism was voiced against the leadership's failure.

NATIONALISE BANKS, PM

Bangalore, July 11

The Congress Working Committee last night discussed the note sent by the Prime Minister on the economic policy.

The note refers to the need for total nationalisation of banks in order to increase investment in the agricultural sector, in the public sector and in small and medium industries.

She has also suggested immediate nationalisation of import of raw materials, curbing of restrictive trade practices resulting in unhealthy trends in the industry, vigorous implementation of land reforms with immediate ceiling on holdings, ceiling on urban incomes and special attention to be paid to utilise the services of the educated unemployed.

PM's Note Endorsed By CWC

Bangalore, July 12

The Congress Working Committee yesterday ap-proved a draft resolution on the economic and social policy endorsing the sug-gestions made by Prime Minister Indira Gandhi in her note to the Committee on Wednesday.

The draft resolution, prepared by Sri Chavan and approved by Sri Morarji Desai, calls upon the Central and State Governments to imple-ment the various points mentioned in the note ex-penditiously. The note, among other things, calls for stricter social con-trol on banks or their na-tionalisation.

The draft also calls upon the Government to submit a report to the AICC re-garding the various deci-sions taken and steps ini-tiated to implement these programmes.

The resolution will be moved by Sri Desai at the AICC today and will be seconded by Sri Chavan.

The CWC by accepting the draft resolution has shifted the onus of imple-menting the new economic policy on the Government.

Giri To Contest For Presidency

The acting President, Sri V.V. Giri, announced yesterday his decision to contest the election of the office of President.

Sri Giri in a statement said he did not wish to question the motives of the Parliamentary Board, 'but I sincerely feel that they have neither done justice to the country nor the organisation to which they belong'.

He said he was deeply pained by the recent events which had 'tended to lower the dignity and moral authority of this august office'. It was necessary that the office of the President should be kept scrupulously above the party considerations, he added.

Sri Giri's decision to stand as a candidate came as a prise to the Congress leaders.

Reacting sharply, Sri Nijalingappa said: "He is not a Congress nominee and he cannot be supported by any Congressman".

The Prime Minister, who was also taken by surprise, declined to comment on the decision of Sri Giri.

The Communist Party of India has welcomed Sri Giri's decision and offered him the party's full support.

PM's Distress On Party's Choice

Bangalore, July 14

Prime Minister Indira Gandhi told a news conference here yesterday that she was not at all happy the way the Parliamentary Board took the decision on the candidature for the Presidency.

She said that she had nothing against SriSanjiva Reddy personally. But she would have liked the selection on the basis of the principle of national consensus since she did not consider the office of the President of the Union as a party post.

Smt. Gandhi said she was in the process of talking to the leaders of other parties on the principle of bringing about a national consensus when the Parliamentary Board took this decision. 'The manner in which it was done was distressing', she added.

She asserted that the Board had rejected the candidature of Sri Jagjivan Ram because many of its members were strongly opposed to her economic, social and foreign policies.

SN's CALL FOR DISCIPLINE

Bangalore, July 14

Congress President Nijalingappa yesterday exhorted his partymen to maintain discipline at all costs and work hard for the well being and prosperity of the country.

In his concluding remarks to the AICC, he said those who were not keen on maintaining this discipline were welcome to leave the party. He claimed that the party had become stronger and not weaker, with the exit of many such members in the past. And it would continue to be the strongest and largest party in the country.

Even a surgical operation might be necessary to cleanse the organisation of indisciplined elements, whether they belonged to the right, left or the middle.

He said the party could not gather strength from those who believe in mere slogan-mongering He also warned the partymen against a subjective approach to the various problems the country faced They who opted for this approach also did not have any business to remain in the organisation.

Sanjiva Reddy For Presidency

ACT ON SOCIALISM

Bangalore, July 14

Prime Minister Indira Gandhi yesterday warned the AICC that the Congress would not last as a political party unless it could convince the people about its serious commitment to socialism.

She said that though the Congress had professed socialism as its objective for long, many people had doubts about its intentions.

Smt. Gandhi said that 'while the Congress, of course, is a great organisation, we must remember that the country and the people are greater'.

She declared that there could not be any compromise on basic policies such as secularism, socialism, democracy and non-alignment.

The AICC yesterday approved the resolution on economic policy as suggsted by the Prime Minister calling upon the Central and State Governments to expeditiously implement the programmes aimed at improving the economy and preventing the concentration of economic power.

Plea For Bandipur To Be National Park

The Chief Conservator of Mysore has urged the Indian Wild Life Board to declare the Bandipur wild life sanctuary as a national park.

He told the board that Bandipur and the surrounding forests of Beerambadi, Heggavadi, and Chamarajanagar, can be developed as a national park to provide a perfect holiday resort.

Besides accommodation for 28 persons in Bandipur, a dormitory and three wooden cottages will be shortly added. A swiming pool and children's park are also being created shortly.

The Conservator informed the board that adequate provisions existed in the Mysore Wild Animals and Wild Birds Preservation Act, 1963, to check the commercialisation of game meat and prevent indiscriminate netting and snaring of birds.

Proposals to establish sanctuaries around the Bhadra, Nugu and Linganamakki reservoirs were being considered.

LOWER QUALIFICATIONS

To reduce pressure on institutions of higher education, Union Education Minister V.K.R.V. Rao, has proposed that the Government should lower the qualifications for clerical jobs. Some ways should also be found straightaway to absorb in administration or educational institutions students with exceptional merit.

Dr. Rao has also suggested that work centres should be started in various parts of the country where young men could stay and acquire skills that could help them to be self-reliant. Such centres would reduce the demand for white collor jobs.

He thinks that job-oriented or vocational education would provide the long-range solution to the problem of increasing unemployment among the educated classes.

Congress Walk-Out In Ml. Council

Mysore, July 17

Opposition Congress members staged a walk-out yesterday at the Municipal Councial as a protest against the 'attitude' of the President, Sri M. N. Thimmiah.

When Congress member Chikkathammiah stood up to move a resolution, ruling party member Vedantha Hemmige raised a point of order on the resolution. Sri Chikkathammiah protested against raising a point of order on the resolution even before it was moved.

In the meanwhile seeing two members on their legs, Dr. P. D. Krishnaswamy (Cong) raised another point of order.

In the midst of cross-talk between members, the President directed Sri Chikkathammiah to resume his seat.

As a protest, all the Congress members led by their leader B C. Lingiah walked out of the meeting

After the walk out, the resolution which wanted the Municipality to provide latrines to Harijans in the city, was deemed by the Council to have been dropped.

This was the first walk-out by the Congress members in the seven months of the new Council.

CONG. RESOLUTION VOTED DOWN

Mysore, July 17

The City Municipal Council yesterday voted down a resolution of Dr. P.D.Krishnaswamy (Cong) to appoint its exclusive staff to supervise the minor defects of the street lights in the city.

It adopted an amended resolution of Sri B N. Kenge Gowda, leader of the ruling United Front, to request the State Electricity Board to appoint the staff and place them under the control of the Municipality

Earlier, moving the resolution, Sri Krishnaswamy said that there were lot of complaints from the public regarding the street lights. There were a about 4,092 street lights and the exclusive staff would cost only Rs. 8,000 a year.

Sri J. M. Coutinho (Cong) seconding the resolution said the city was known for its lights. Of late, the street lights were dim and flickered.

At some places, he said, there were no lights for weeks and months although it had been brought to the notice of the Electricity Board. By having an exclusive staff, they would be helping the citizens, Sri Coutinho added.

Sri Kenge Gowda moved an amendment and wanted the MSEB to appoint the staff He wanted Dr. Krishnaswamy to either accept the amendment or agree to the resolution to be referred to the Managing Committee.

Sri B C Lingiah, leader of the Opposition Congress, opposed the amendment and also the suggestion to refer the resolution to the Managing Committee. He pointed out that a resolution seeking for tax exemption to tongas and carts, which had been referred to the Mangaing Committee, on the advise of the ruling United Front had been kept in cold storage.

Sri B. K. Puttiah and Sri Vedantha Hemmige (both of UF) supported their leader while Sri Ganesha Rao and Sri Chickkathammiah (of Cong) supported the resolution.

When the amendment of Sri Kenge Gowda was put to vote 14 UF members voted in favour and 12 Congress members opposed it.

National Edn. Policy In Teacher Training

Mysore, July 18

The Regional College in the country, with the proposed changes in them, should assume leadership among teacher training institutions in their region to evolve common teaching methodology and help to have a national policy of education in teacher training, Union Education Minister V.K.R V. Rao said here today.

He was inaugurating the Rs. 14-lakh fourth hostel building, "Ganga", at the Regional College of Education. Vice-Chancellor K. L. Shrimali presided.

Dr. Rao referred to the setting up of the four Regionol Colleges in the country for teacher education and said the 4 year integrated courses were not suited to us. A committee headed by Sri Nag Choudhury, therefore, had recommended for the abolition of these courses.

The Minister said that from the next year onwards the 4-year courses would not be continued in the college. He expressed regret at adopting something which was not suited to us just because the course existed elsewhere.

The starting of the Regional Colleges only showed that Government was experimenting on national scale involving large funds. In his opinion they should be tried out first as pilot projects.

MORARJI NOT TO WITHDRAW

Sri Morarji Desai, in his reply to Prime Minister Indira Gandhi, has reaffirmed his earlier stand and refused to take back his resignation.

The Union Minister said that he would send a team of experts to the College to study about the 4 year Science course for suitable modificiations.

Emphasising the important role the Regional Colleges could play in the changed circumstances, Prof. Rao said the leadership part had become important now.

They should help evovle a national policy which was not determined by politicians but as a result of discussions and analysis so as to meet the requirements of the country, he said.

The Education Minister told the teacher trainees the oblest occpuation was that of a teacher. The teacher's task was to help children grow into human beings by stiumulating their intellect. Otherwise, it would be regimenation and brain-washing and not education. This was the purpose of education.

Dr. Shrimali, in his Presidential address, suggested appointing a committee to look into the future of the Regional Colleges.

Earlier, Smt. A. Chari, Principal, welcomed the gathering. Sri Devadasan, Vice-Principal, proposed a vote of thanks.

Assurance To Regional College Staff

Mysore, July 18

Union Education Minister V. K. R. V. Rao assured the staff members of the Regional College of Education here today that there was no need for any fear regarding their continuation in the College.

Dr. Rao said he was aware their dismay due to the decision to abolish the 4-year training course in the College. The staff would be made use more effectively in a bigger sphere for teacher training.

The Minister was inaugurating the new hostel building of the College.

Patil's Call For Linguistic Unity

Mysore, July 18

Chief Minister Veerendra Patil yesterday called upon the people to eschew linguistic chauvinism and feuds and be tolerant of other languages.

He was presiding over the inaugural function of the Central Institute of Indian Languages at Manasa Gangotri.

Sri Patil said that without language one could not exist in the world. And there should be linguistic unity. But one found quarrels and bickerings in the sphere. 'We have been witnesing stormy and angry scenes in the linguistic sphere. One language group is suspicious of the other, with the result the whole atmosphere is surcharged with the emotional break-up', he added.

The Chief Minister hoped that the Institute would take note of these trends and promote a unified drive to inculcate a definite taste to learn as many languages as possible.

He callled upon the youths to learn as many languages as possible so that they might assimilate the best in other languages.

PM Refuses To Reverse Decision

SN's MEDIATION FAILS

The mediation efforts between Prime Minister Indira Gandhi and Sri Morarji Desai by Congress President Nijalingappa and Home Minister Y. B. Chavan failed yesterday.

Sri Nijalingappa, who held a brief discussion with the Prime Minister, suggested that the status quo ante should be restored by giving back the Finance portfolio to Sri Desai.

Smt. Gandhi told Sri Nijalingappa that it was rather difficult to change her decision.

Sri Nijalingappa told newsmen that he left the Prime Minister after advising that she must be prepared to change the decision in the country's interest. She should restore the status quo ante He also told her that she should take her final decision early.

The High Command will decide on a meeting of the Parliamentary Board or the Congress Working Committee today.

Earlier, Sri Morarji Desai had over an hour's meeting with the Prime Minister.

Smt. Gandhi told Sri Desai that it would be difficult for her to go back on her decision. She had taken the step to fulfil her responsibility for implementing the AICC resolution on economic policy.

She renewed her offer to him of another major portfolio. But Sri Desai wanted Finance to be restored to him.

MAN WALKS ON MOON

Injustice To Old Mysore

PANEL DEMANDED

Mysore, July 21

Sri H. M. Channabasappa, former Minister, demanded here yesterday the setting up of a high-power independent committee to inquire into the allegations of negligence of old Mysore.

Inaugurating the State-level conference of land-owners at Town Hall, he said that it was not proper for the Chief Minister himself to take up the responsibility of fact-finding as the facts could be suspected.

Sri Channabasappa said that the committee should inquire and place all facts to convince the people.

Sri H. K. Veeranna Gowda, another ex-Ministrr, said it was not the question of exploitation or communalism but it was outsiders dominating over the old Mysorens.

Although the former Mysore State was a small one it had made good progress. They wanted that they should remain separate without anybody dominating them.

MISS UNIVERSE

Eighteen-year-old Gilori Diaz of the Philippines has been chosen Miss Universe 1969 at Miami Beach, USA.

A historical feat was achieved today when Apollo 11 Commander Neil Armstrong came out of his lunar module stationed on the moon, descending slowly the nine-step ladder, set his left foot on the moon's soil and completed about 134 minutes walk along with his companion Edwin Aldrin.

The astronauts, who had no difficulty in moving about, picked up varieties of rocks. They described the surface as one of fine sandy particles similar to powdered charcoal dust. They were hard and cohesive. The austronauts set up a television and left a plaque on the moon. From there they spoke to President Nixon.

Neil Armstrong emerged from the lunar module and kept his foot at 8 27 a.m. IST on the lunar surface. After 20 minutes he was joined by lunar module pilot Edwin Aldrin. They moved about for 2 hours and 14 minutes and got back into the module at 10 41 a.m. and closed the hatch. The moon-walk came some three hours ahead of schedule.

The lunar module, "Eagle", cast off from its mother ship, "Columbia", landed gently kicking off a strom of dust in the waterless "Sea of Tranquility" on the moon's cratered surface just a few seconds before 1 48 a.m.

The landing of "Eagle" was delayed by 39 seconds as the originally planned site was found not quite suitable due to the presence of rocks. The landing was made a few metres away from there. It was the first time a manned craf had made a landing ou side earth.

Armstrong made the first broadcast to earth from moon and said: "Tranquility base. Eagle has landed smooth".

The astronauts reported to earth of seeing large number of big boulders in the area. Many of them were larger than ten feet. The earth from there looked big and beautiful.

The landing of the lunar module was watched by millions of people all over the world. U. S. President Nixon watched on a television. World leaders have sent messages heralding the epic feat. Prime Minister Indira Gandhi in a message hailed it as an exciting and significant event of mankind.

The historic moon landing came 11 years, 9 months and 16 days after the space age was inaugurated by the Soviet Union by putting into orbit Sputnik 1, the first artificial satellite, on Oct. 4, 1957.

It came 8 years, 3 months and 8 days after Yuri Gagarin orbited the earth on April 12, 1961, to become the first spacefarer.

Armstrong, Aldrin and Collins began their voyage of glory on July 16. After orbiting the earth they went on the course to the moon. They reached the vicinity of moon put the Apollo in orbit and made the landing.

PM'S THREAT OF RESIGNATION

Prime Minister Indira Gandhi is understood to have told the Congress Parliamentary Party yesterday that if the party did not accept her policies and wanted her to go, she would do so.

She said that so long as she was Prime Minister, she would have 'to lay down the direction of major policies and would not allow any restrictions to be placed on her'.

BACK TO EARTH

The two astronauts, Neil Armstrong and Edwin Aldrin, who went back into the lunar module after moon walk, will leave in their craft to join the mother craft. This will be the most critical period of their voyage. After catching up "Columbia", in which stays Michael Collins, they will begin their journey back to earth and make the splash down in the Pacific on July 24.

FLOWERS NAMED AFTER ASTRONAUTS

Bangalore, July 22

A new variety of hybrid hibiscus flowers here in the Lal Bagh have been named after the three astronauts of Apollo 11. The flowers to bloom fully today have been named hibiscus Armstrong, hibiscus Aldrin and hybiscus Collins. Another flower has been named after Apollo-11.

APOLLO-11 ON WAY TO EARTH

The three Apollo-11 astronauts, after their historical mission to moon, are returning to mother earth. They successfully fired the engine of Apollo-11 and got out from the lunar gravity this morning. They entered into the set course through the earth gravity and picking up speed began their 400,000 kms return journey. They will splash down on the Pacific tomorrow.

The astronauts, Neil Armstrong and Edwin Aldrin, took off in their lunar module Eagle at 11 23 p.m. yesterday after spending 21 hours 51 minutes on the moon. After orbiting round the moon, the crucial docking with the mother craft Columbia took place at 3 06 a. m. today. At the time of docking some difficulty was felt.

By then Michael Collins had made 14 revoultions around the moon on his own. The two astronauts first transferred the materials they had collected on the moon into the mother craft and crawled through the connecting tunnel and entered the main cabin. Collins welcomed them saying: "It is nice to have company again". Then the lunar module was dropped from the Columbia to orbit the moon.

About 7 hours 30 minutes after the successful docking, the signal was given for firing the main engine to thrust the Apollo-11 from the gravity of moon towards earth. This was another crucial stage as Apollo-11 went behind the moon losing contact with the earth.

After anxious moments, the main engine was fired pushing the Apollo into higher speed on the course towards the earth. Apollo-11 got out of the moon's gravity, gradually gained speed and started its return journey to bring back to earth the three men who 'turned fantacy into reality'.

Luna-15 Lands On Moon

Soviet Union's Luna 15 landed on the moon on a pre-determined area, the Sea of Crisis, at 9-20 p m. yesterday. It landed during its 51st orbit when the Apollo-11 astronauts were preparing to leave in their moonship from the Sea of Tranquility, 500 miles from the Sea of Crisis. The probe landed at 30 miles per hour speed Signals from the probe ceased immediately after landing. The Soviet Union announced that the mission of Luna-15 had been completed.

SC Admits Writs, Issues Interim Stay

The Constitution Bench of the Supreme Court has admitted the two writ petitions challenging the ordinance nationalising 14 banks in the country. It has granted interim stay of the operation of the ordinance.

Police Superintendent P. J. Bagilthaya on Sunday seized 165 quintals of rice worth Rs. 25,000 being smuggled into Kerala in two lorries at Bavali in H.D Kote taulk. Five persons have been taken into custody.

ACT OF DISGRACE, SAYS DESAI

Sri Morarji Desai, making a statement in the Lok Sabha yesterday, said that "I have been so summarily relieved of the Finance portfolio that I felt it was an act of disgrace and my self-respect was deeply hurt".

Indira Hails Moon-Walkers

Prime Minister Indira Gandhi has described the moon-walkers as 'delegates of that irrepressible spirit of man, the spirit which discovered fire and thought, song and science, the spirit which crosses oceans on a bundle of reeds and leaps from celestal body to another in a small vehicle of its own making'.

The Lok Sabha yesterday, in a rare gesture, gave two astronauts a standing ovation after the Prime Minister had told the House of the historic event.

President Nixon talking direct from earth to atronauts Armstrong and Aldrin on the surface of the moon congratulated them on their historic landing and told them 'because of what you have done, the heavens have become a part of man's world'

WRIT ON BANK ORDINANCE

Two writ petitions were filed in the Supreme Court yesterday by Sri R. C. Kapoor, a director of the Central Bank. and Sri M. R. Masani (Swat) and Sri Balraj Madhok (Jan Sangh), MPs, challenging the ordinance nationalising banks.

The Court adjourning the hearing till today, issued notice to the Union of India to show cause why it should not admit the writ petitions.

Before the Court was also an application seeking stay of operation of the ordinance.

NO RAISE IN TAXES

Mysore, July 22

The United Front had decided not to increase any taxes during its administration, Municipal President M. N. Thimmiah said here on Saturday.

Speaking at a reception given to the new councillors by a citizens' committee under the presidentship of Sri C. Srirama Shetty, Sri Thimmiah said it was difficult to concede to the suggestion of raising the status of the Municipal Council into a corporation as this would result in additional burden on the people.

Sri R. N. Achuta Rao welcomed the gathering and Sri R. S. Nagappa Shetty proposed a vote of thanks.

WHY ORDINANCE ISSUED

Prime Minister Indira Gandhi explaining in the Lok Sabha why an ordinance had to be issued, said the 14 nationalised banks together with the State-owned State Bank of India, accounted for 85 per cent of bank deposits in the country. 'To forestall any possiblityof manipulations', it was essential to make a swift and sudden move. The approval of Parliament will be sought in the current session when a bill will be brought before it, she said.

Moonwalkers Task Fulfilled

Neil Armstrong and Edwin Aldrin, the first moon walkers, performed all the tasks assigned to them which included collecting soil and rock samples, placing a special laser beam reflector, planting the flag and unveiling a plaque announcing that man came in peace to the moon on July 1969.

The two men had certainly left their mark clearly- footprints about a half inch to an inch deep in the slippery, powdery topsoil which they reported clung to their boots.

The two Americans walked slowly and warily at first, aware that one false move could bring instant death on the airless grey lunar desert.

But as their confidence mounted Armstrong and Aldrin jumped, bounced and kangaroo-hopped gaily in front of their landing craft, taking advantage of reduced gravity.

Revaluation Of Papers

Bangalore, July 25

The Bangalore University is thinking of having a system of revaluation of examination papers.

This was revealed when Vice-Chancellor Gokak inaugurated a two day seminar on the subject, sponsored by the University Students Council.

It was his feeling that there might be genuine cases where the valuation was wrong resulting in injustice to the student. So there should be some system of revaluation of answer paper, with the necessary safeguards to see that the previlege was not mis used, he said.

SPECIAL POLICE SQUAD

The Maharastra Government is considering a proposal to create a special police squad to deal with complaints of ill treatment and discrimination against Harijans and other backward classes in the State. It would work under the Directorate of Social Welfare.

CONSTITUTIONAL DISARRAY

Sri C. Rajagopalachari said yesterday that to introduce an official bill for nationalisation of banks in Parliament now when the issue was under examination by the Supreme Court 'would be indeed an ugly demonstration of constitutional disarray'.

FUNDS FOR NUCLEAR UNITS

Prime Minister Indira Gandhi stated in the Rajya Sabha that while the claims of the Atomic Energy Commission for increasing the proposed outlay in the Fourth Plan were very valid, lack of resources posed a serious problem.

The Government and the Planning Commission were looking into the question whether the provision made namely Rs. 120 crores could be increased.

ARREARS OF CASES

The number of cases pending in High Courts in the country on March 31, 1968, was nearly 400,000. It was proposed to constitute shortly a committee with three judges with the Chief Justice of India as chairman to go into the question of arrears of cases, Home Minister Chavan told the Rajya Sabha.

LIFE TERM FOR MURDER

Mysore, July 25

The District and Sessions Judge, Sri Kudur, yesterday, sentenced Nadukanchira Ali of Kerala to transportation for life on a charge of murdering Puttamada Setty of Baneerutalapura in Gundlupet taluk.

The prosecution alleged that the accused, who was a sandalwood smuggler, fearing that the deceased might inform the police, murdered him on August 8, last year, when the latter was fetching fuel in the forest.

NO ALLOWANCE TO JOBLESS

Labour Minister Jaishuk Lal Hathi rejected in the Lok Sabha a suggestion of Sri Om Prakash Tyagi that the Government should give unemployment allowance to educated unemployed till they got employment.

He said the Government was not in a position to do so, or even to give loans to every unemployed person. There was, however, a scheme of opening work centres for the educated unemployed.

MORE PHONES IN MYSORE

The Lok Sabha was told by Minister Sher Singh that the telephone exchanges in Mysore State are likely to be expanded by about 20,000 to 25.000 lines during the Fourth Plan period. There are at present about 14,650 applications pending for new telephone connections.

Moonwalkers Return Safely

The Moon explorers, Neil Armstrong, Edwin Aldrin and Michael Coliins, returned safely to mother earth in their Apollo-11 which splashed down in the mid Pacific, 900 miles off Hawai, yesterday at 10 20 p. m. The splash down was upside down in a second - choice splash down area.

A recovery helicopter spotted the craft six minutes after splash-down. The astronauts, who radioed : 'We are in fine shape', were picked up by recovery men and flown to the prime recovery ship, the carrier Hornet, by helicopter. U.S. President Nixon, who watched the splash down, greeted the three astronauts on board.

The Apollo men, along with their samples of lunar soil and rocks, will be held in a three-week quarantine for intensive tests to know whether they have brought from moon any infectious organisms.

POLL LAW

Minister Shukla assured the Lok Sabha that the Criminal and Election Laws Amendment Bill, seeking to combat communal hatred, would interfere neither with religious freedom nor the freedom of the press in the correct sense of the term.

But misuse of religious freedom and freedom of press to spread disaffection on one ground or the other was a different matter and such action would be penalised, he said.

PLAN TO EXTEND CIVIC LIMITS TO BRINDAVAN GARDENS

Mysore, July 28

The Civic Chief, Sri M. N. Thimmiah, stated here yesterday that there was a proposal to include Brindavan Gardens, 12 miles from here, within the municipal limits.

Addressing the members of the Mysore Junior Chamber, he said that Chief Architect Hanumantharao Nayadu had discussed the proposal with him. Although the proposal was good, the question was as to who should bear the maintenance cost including providing of more lights upto the gardens and more amenities to the tourists.

He said a sum of Rs. 12 lakhs would be spent for improving the backward areas in the city. Rs. 20 lakhs would be spent on roads during the year.

The Council would take up building of a Rs. one-lakh modern slaughter house on the Mysore-T. Narsipur road within two or three years.

He said the 'gujari', a cluster of shops by the side of the Townhall and an eye-sore, would be shifted and a modern one would be set up. In this connection he would visit Coimbatore to see the modern Gujari shops constructed there.

A revised estimate of Rs. 9 3 lakhs for the construction of a modern stadium at Doddakere has been sent to the Government for approval.

The President hoped that the Government order approving the Council's decision so abolish cycle tax would be received within a fortnight.

Sri Thimmiah said besides octroi concession, it was also proposed to give water at concession rates for new industries started in the city.

He suggested to the Junior Chamber to adopt a slum area in the city to improve the conditions there instead of far off villages.

The Chamber President, Sri Dwarkanath welcomed the gathering. Sri N.S.A.K. Char, Secretary, proposed a vote of thanks.

INLAND FISHERIES DEVELOPMENT

Mysore, July 28

Law Minister Puttaswamy inaugurating the district inland fisheries development conference, here yesterday, stressed the need for developing fisheries not only to improve the economic conditions of fishermen but also to provide a balanced diet to the people.

Sri H. C. Linga Reddy, Minister of State for Fisheries, who presided said a large number of tanks and ponds in villages which offered good scope for fisheries development could be developed only through the agency of the panchayats or similar bodies which could convert them into remunerative assets.

Mysore district, he said was fortunate in having the applied nutrition programme in seven out of 11 taluks.

The conference suggested that a few tanks be developed intensively to serve as demonstration.

Suggestions were also made for providing fisheries training and for seting up the model fish stalls.

The conference felt that there was no sufficient publicity for the fisheries programme as a result of which people did not know the advantages and the methods of making use of the water resources and that increased supplies of fish seed for stocking in irrigation wells, village tanks should be arranged.

Sri Lakshminarayana Rao, Director of Fisheries welcomed the gathering.

Uninterrupted Peace In World

NIXON'S PLEA

President Nixon who arrived in New Delhi on a days's visit, declared his country's readiness to work for Nehru's dream of 'an uninterrupted generation of peace' for India, Asia and the world.

The US President said: 'We want to work with you to the extent you feel we can and for the goals you believe are best for India and not for the goals we may think are best for India, provided of course, always we bear in mind those principles in which we both believe, peace for the world, independence for all nations, progress, justice and freedom for all peoples of these nations'.

He then recalled his visit to India 16 years ago as the US Vice-President and his meeting with Sri Nehru, who said that what India needed above anything else was a 'generation of uninterrupted peace'. Mr. Nixon added, 'that was true then It is even more true now' He said the major effort should be to make this wish a success

He said he was keenly aware of the fact that the people of India had decided to choose their own way to progress 'I respect that, as do all Americans'.

Mr. Nixon is the second US President after Mr. Eisenhower to visit India.

Role Of District Newspapers Stressed

Mysore, Aug. 4

The need for good district newspapers which could reflect all the activities of a district was stressed here yesterday by Information Minister Rajasekhara Murthy.

Inaugurating the fourth conference of the Mysore District Journalists at Town Hall, Sri Rajasekhara Murthy said that district newspapers had an important role in nurturing the grass roots of democrary.

With the increase in the role of literacy, the implementation of panchayat raj and the upward trend in reading habits of the people they had to play an increasingly higher role and their responsibilities grew accordingly, he said.

The Minister said he was aware of the difficulties under which district and mofussil papers were functioning. The Government was seized of the matter and several measures had been taken to assist them.

He conceded that the release of Government advertisements had not satisfied all newspapers But it had to be realised that Government alone could not fill in all needs of a newspapes and subsidise it.

Excessive dependence on Government had a deleterious effect on the freedom of the press. It was undesirable both for the Government and the press, he warned.

Sri Rajasekhara Murthy suggested the small papers to tap advertisement revenue from the local institutions like municipalities, co operatives and the local trade For this, the newspapers should become the voice of the people of the areas.

Praising the Mysore District newspapers the Minister said they had glorious traditions of persons like Sri Venkatakrishnayya to follow The district was a pioneer and still retained the pre eminent position as the home of the largest number of small dailies published regularly. This was an achievement that no other district in the State had to its credit.

'The marked sobriety and the sense of responsibility of the Mysore dailies are worth emulating in these days, when sensationalism, speculation and distortion appear to have afflicted this noble profession", Sri Rajasekhara Murthy said.

Sri M. N. Thimmiah, Municipal President, released the souvenir of the conference. Sri N. N. Sastry, Journalists' Association President, presided.

Sri A. Ramanna, Chairman of the Reception Committee, welcomed the gathering. Sri H L. Srikanta Murthy, Secretary, proposed a vote of thanks.

BANKS BILL PASSED IN LOK SABHA

WORKERS' SHARE IN MANAGEMENT

The Lok Sabha last night passed the Banks Nationalisation Bill.

Besides nationalising 14 top banks with deposits exceeding Rs. 50 crores, the Bill seeks to introduce workers' participation for the first time in the management of public sector agencies.

Amendments adopted to the provisions of the Bill gives representation to bank employees in the transitory advisory boards to bank custodians as well as in the boards of directors to be formed after the nationalised banks are reorganised by the Union Government with the consultation with the Reserve Bank.

Under a last-minute change effected by the Government in the payment of compensation scheme, the erstwhile banks and not the shareholders will get the compensation.

The banks can opt for either 16-year Government bonds bearing 4 5 per cent interest or 30 year bonds bearing 5 5 per cent interest.

If the banks so desire they can get their paid up capital early in cash as interim payment but on the condition the amount will be distributed among share holders.

Harness Science For Man's Welfare

Mysore, Aug. 5

A plea for proper harnessing of science to the welfare of human beings was made here yesterday by Sri O Pulla Reddi, Vice-Chancellor of the Agricultural University, Hyderabad.

He was delivering Sri Krishnarajendra silver jubilee memorial lecture on 'Science and Human Welfare' at the Maharaja's College Centenary Hall. Vice Chancellor K L Shrimali presided.

During the last few decades, science had permeated every walk and branch of human life and now had ushered in the Moon Age No discovery made, no application of technology had failed to promote in some measure human well-being. Dr. Reddi said.

While science made life congenial, it had brought in numerous problems also. Old values had broken down and new values were proving elusive In many countries although man had all the modern affluence yet he was breaking bounds in search of something which he himself knew not A kind of irreverence had seized the students, turning them violent.

Extreme affluence and material comforts which science and technology could confer on mankind could also breed extreme discontent. This was a strange paradox, but was proving increasingly true, he said.

Therefore, the Vice-Chancellor said, all men of science and learning should co operate to bring about a proper synthesis of material well being and mental peace to use science to man's best advantage.

Dr Shrimali said science had advanced so much it had created fear in the mindsof men that it might not be used for their good. It was difficult to say what the future of man would be.

He said that some kind of synthesis had to be brought about between wisdom of religions in the world and scientific discoveries of modern man. Unless this was done, there would be no future for mankind, he warned.

Earlier, Prasaranga Director S. Prabhushankara welcomed the gathering.

ILLEGAL RESTRAINT OF OFFICER

Mysore, Aug. 5

The police have registered a case against Dakkari Ameer and Abdul Gaffar, members of the K. R. Mohalla vigilance committee and two others of alleged use of force and wrongful restraint on a complaint by Sri Rangappa, Assistant Commissioner, Commercial Taxes. It is alleged that while Sri Rangappa was discharging his official duties at the Anjuman Ittehad near Nanju Malige, they had used criminal force against him.

HARASSMENT TO TEACHERS

Bangalore, Aug. 5

The State Executive Committee of the Secondary Teachers' Association, at its meeting recently urged the Government to go into the cases of managements which were found errant and disobedient to the directions of the Education Department.

In a resolution it said that the committee had on its record several cases in which teachers had reported of harassment and victimisation by the management without even affording an opportunity to defend themselves.

A case in point was that of Sri A. Gopalaswamy, a teacher in a high school in Mysore, who was reported to have been kept under suspension for the past three years even without payment of subsistance allowance till recently. The management, it said, had not heeded to the directions of the department to decide the case within a specified period.

IMPRACTICAL SCHEMES BY U F
CONG. LEADER CRITICISES

Mysore, Aug. 6

The ruling United Front in the City Municipal Council was harping on schemes which were impractical and to bring discredit to the State Government, Sri B. C. Lingiah, leader of the Congress Opposition in the Municipal Council, said here yesterday.

Addressing a press conference, he detailed the various proposals of the United Front administration which could not be accepted by the Government for various technical reasons.

Sri Lingiah said that UF President M. N. Thimmiah, was making statements that a revised Rs. 9.3-lakh scheme for construction of stadium at Doddakere had been sent to the Government and the work would be started as soon as it was sanctioned. This, he called a hoax and said the municipality was not in possession of Doddakere area for the stadium as the title deed had not been obtained from the Palace yet.

Sri Lingiah ridiculed the proposal to convert the Dhanavantary Road into a double road by acquiring 10 feet of land in the K.R. Hospital compound. The very same members, who were in Opposition in the previous term, had opposed converting the Chamaraja Road into a double road. The Government, he was sure, would not give any area belonging to the hospital.

Although shifting of the 'gujari' was to be welcomed, to shift it to a place on the Mysore Bangalore highway was not proper. It could be shifted near the Central Jail or the DDPI's office, the Congress leader said.

The Opposition leader blamed the municipal executive officer for not going ahead with the collection of cycle tax as in the previous years. Although the Council had unanimously agreed to the abolition of the tax, the Government had not given its concurrence so far. In the absence of this, the Commissioner should have taken steps to collect the tax, he said.

He also took exception to the Commissioner for not implementing the decision of the Council in October last to evict the illegal occupants of the 101 houses constructed at a cost of Rs. 2.65 lakhs for slum dwellers in the Municipal Agricultural Colony.

Opposing a resolution which had been brought forward by a UF member to regularise this illegal occupation, Sri B C. Lingiah said, the houses had been constructed with Government assistance for a specific purpose. Now the Government would ask the municipality to pay back the amount with interest. This resolution had been brought forward to keep the unity in United Front in tact, he charged.

Corporation Status By December

Mysore, Aug. 6

Sri B.C. Lingiah, leader of the Municipal Congress Party, told newsmen yesterday that he was certain that the City Municipal Council would be converted into a Corporation by December.

Addressing a press conference, he said that his party welcomed upgrading of the Council. In his opinion, the Government should retain the elected body and nominate the new members to the Corporation, he said.

The ruling United Front has been opposing Corporation status on the plea that it would result in additional burden both on the Municipality and the public.

Defence Minister Swaran Singh told the Rajya Sabha that India's defence preparedness compared favourably with the magnitude of the threats which confronted the country.

He said the Government was aware that China had constructed a number of structures of different types, including tunnels and trenches, across the border. These activities had been taken note of in making defence arrangements.

TREATMENT FOR STUTTERERS

Mysore, Aug. 8

The All India Institute of Speech and Hearing in the city has introduced an experimental correspondence course to treat those who suffer from stuttering or from stammering defects.

Dr. N. Rathna, well-known speech therapist, addressing the members of the Rotary Club yesterday, said that seven persons from West Bengal were receiving treatment through the correspondence course.

The course had been started as the Institute had no residential accommodation for those who came for treatment. Dr. Rathna explained that treatment for those who suffer from speech defects was a long process and people from outside found it difficult to stay in the city for treatment.

He said that the Institute was at present attending to 50 cases daily and this would be increased to 60 shortly.

The Institute although was attending to treatment its main goal was to train speech therapists, he said.

Club President R. Narayanaswamy, who was in the chair, announced that a benefit film show would be held on Aug. 29 at Prabha Picture House in aid of the Rotary Children's Library.

Programme Committee Chairman Chandrasekhar introduced Dr. Rathna. Secretary P. S. Subba Rao proposed a vote of thanks.

BISHOP ON FAMILY PLANNING

Mysore, Aug. 11

The Church did not oppose family planning on a free and rational basis. But it was opposed to family planning by unnatural methods, said Rev Dr. M. Fernandes, Bishop of Mysore, here yesterday.

He was inaugurating the District unit of the Private Medical Practitioners' Association and the first medical and family planning conference Sri M. Shivanna, Vice-President, City Municipal Council, presided.

The Bishop said that by developing moral responsibility towards parenthood, family and society among the people, the need for family planning by natural methods could be made understood.

As a first step for this, illiteracy had to be wiped off For this a crash programme was necessary, he said. He also suggested raising the age of marriage to check population hrowth.

Opposing sterilisation as a measure, the Bishop said that in democratic India, any pressure from the Government for any particular method of population control would be an infringement of human rights

Sri K. Gopalaraj Urs welcomed the gathering Sri K. Nagaraja, General Secretary of the State Association, said there were about one lakh "unqualified practitioners" who had to be registered.

Shun Politics In Local Bodies

Mysore, Aug. 12

Party politics and directives prevented members in the local bodies to serve the cause of the ratepayers, Dr. P. D. Krishnaswamy, Congress member of the City Municipal Council, said here yesterday.

Addressing a press conference, he said that the practice of going to the Council with predetermined decision on various issues coloured the deliberations.

Although constructive suggestions were put forward in the meeting, a member would not be in a position to vote for it just because it came from the other party. This killed the conscience of the member and worked against the civil and social welfare of the people, he said.

The Congress Councillor said that politics were in galore in our local bodies. This, in his opinion was illegal, irregular and detrimental to provide civic amenities Politics and directives should never enter the temple of administration, Dr. Krishnaswamy said.

He said he would continue the above policy and whenever he differed from the majority opinion of the party he would refrain from voting and participating in the discussion.

It may be recalled here that Sri Krishnaswamy in the last meeting of the Council surprised his party members by voting in favour of a resolution of the United Front.

Dr. Krishnaswamy explained what he called the "silent suffering" of mofussil visitors who sought interviews with Ministers during the visitors' hours.

He explained the treatment meted out to him by the Education Minister when he went to invite him to the annual function of the Children's Book Council at Vidhana Soudha in Bangalore on Jan. 28.

Although, Dr. Krishnaswamy said, he was aware of the difficulties of Ministers who were practically mobbed by visitors, the mofussil visitors should not be treated with rudeness and cynical contempt.

PM REFUSES TO ISSUE WHIP

Prime Minister Indira Gandhi yesterday rejected Congress President Nijalingappa's appeal to her to issue a whip in favour of Sri Sanjiva Reddy, Party's Presidential nominee.

She said that senior party leaders like Sri Jagjivan Ram and Sri Fakhruddin Ali Ahmed were convinced that at the highest level in the party attempts were being made to compromise with political parties totally opposed to the Congress policies and programmes

Sri Nijalingappa in his reply retorted that it was unworthy of the Prime Minister to have accused him of compromising with political parties opposed to the Congress principles and policies.

He charged the Prime Minister with "deliberately and wantonly creating an atmosphere of suspicion and doubt in the context of the Presidential election.

The Congress President reiterated his appeal to her to issue a whip and assure Sri Reddy's election.

He ruled out Smt. Gandhi's removal from the Prime Ministership and the formation of coalition Government at the Centre

Sri Nijalingappa made it clear that there was no question of Congressmen voting according to their conscience. They should vote for the party's candidate, Sri Sanjiva Reddy.

Meanwhile Congress legislators of Jammu and Kashmir have decided not to vote for the official Congress nominee.

Brisk Polling

Polling began this morning in all the 18 centres in the State Capitals and in New Delhi to elect the new President of India. The polling was brisk. In New Delhi in the first hour more than 300 MPs had cast their votes. By noon over 600 people had voted. They included Prime Minister Indira Gandhi and Congress President Nijalingappa. Voting which began at 10 a.m. ends at 4 p.m.

In Bangalore also, the voting was reported to be brisk. Chief Minister Veerendra Patil was one of the early voters.

I-DAY CELEBRATED

Mysore, Aug. 16

Independence Day was celebrated in a colourful manner by various organisations and institutions in the city yesterday.

Under the auspices of the City Municipal Council, Independence Day was celebrated at the Town Hall. Divisional Commissioner K Balasubramanyam unfurled the National Flag and took salute at the march past. Scouts, Guides, Sevadal, MARP and Police took part in the parade led by Capt. K. R. Krishna.

Sri Balasubramanyam appealed to the people to eschew parochialism and work to preserve democracy Efforts must be made by all to uplift the country socially and economically, he said.

Civic Chief M N. Thimmiah also addressed the large gathering.

Later a documentary film show was held by the Field Publicity and the Information Departments District Publicity Officer Chikkaveeraiah welcomed the invitees

Dalitha Vidyarthi Nilaya, N R. Mohalla, observed the day under the presidentship of SriG Lingappa, City Munsiff Sri D. R. Nanjiah, Commercial Tax Officer, presided.

The day was celebrated by the city unit of Sevadal at the Royal English School under the presidentship of its President K. Ramanna. Deputy Commissioner N. P. Singh was the chief guest.

The Junior Jaycees held a cultural programme at Chandagal village, taken up by them for upliftment. They also entertained the inmates of the central jail. They proposed to start a library in the jail.

FATEFUL WEEKS

Bangalore, Aug. 16

Chief Minister Veerendra Patil termed the present crisis in the Congress as unprecedented and said the coming two or three weeks would prove fateful to the nation.

The dramatic development had baffled all right thinking men, he said and hoped that the leaders would steer the country through the crisis without any damage done to it.

★ The world's longest surviving heart transplant patient, Dr. Philip Blaiberg, has been readmitted to a hospital in Cape Town following deterioration in his condition.

Moral Values And Science

Mysore, Aug. 16

The glamour of western civilisation and its mechanisation and mass production of goods never attracted Gandhiji. He was always inspired by the traditional values of the Indian society, Vice-Chancellor K. L Shrimali said here yesterday.

He was inaugurating a four-day seminar on "Mahatma Gandhi and the West" under the auspices of the Mysore University at Yelwal.

For Gandhiji, Dr. Shrimali said, the supreme consideration was man and not machine. He knew the abject provety of the masses. He was opposed to unplanned introduction of labour saving machinery and industrialisation after the manner of the West.

The Vice-Chancellor said Gandhiji had no objection to India embracing science and technology provided they were imbibed with moral and spiritual values.

Today man had reached a stage where he could not risk separating scientific knowledge from moral values. Growth of knowledge without faith forbade great danger to the very existence of man, he warned.

Earlier, Prof. C. D. Narasimiah, Head of the English Department, Manasa Gangotri, welcomed the gathering. Prof. H. H. Anniah Gowda, Professor of English, proposed a vote of thanks.

Medals For Mysore Policemen

Six police officers from Mysore State are among the 144 who have been awarded the police medals for meritorious service on the occasion of the Independence Day.

They are: Messrs. B. N. Garudachar, Deputy Commissioner of Police, Bangalore, C.E.I. Brown, DSP, C. Narasimhamurthy, DSP, Sheikh Mohammed Ali, Reserve Police Inspector, K. Adinarayan Gowda, Police Inspector, A. N. R. Krishna Rao, Police Sub-Inspector.

WIND OF CHANGE

Prime Minister Indira Gandhi stated yesterday that the country had reached a new bend on the road to progress.

Addressing the Independence rally from the ramparts of the historic Red Fort, she said a fresh wind was flowing on the faces of the people. The country must take advantnge of it.

Smt. Gandhi said unity, peace and progress are essential but we do not want peace born of helplessness. Peace could be maintained only through strength.

She said in this fast-changing situation, the youth of India had to make thier own decisions instead of looking at others for guidance. The only way to progress was to move forward with courage, hope, determination and above all self confidence and self reliance, she added.

Edited, Printed & Published by G. Satyanarayana at the Samachar Press, J. M. Palace Road, Mysore.

PRESERVE UNITY

Bangalore, Aug. 16

Governor Pathak yesterday warned that internecine quarrels and disregard for the rule of law were bound to undermine our strength and endanger our national security.

Addressing the parade on the occasion of the Independence Day, the Governor said ideological, regional, linguistic, religious and other differences were bound to exist in a vast country like ours, but these differences should not vitiate the unity of the country. 'Unless as a people we become emotionally integrated, we can achieve little of lasting value for our motherland'.

MINISTER'S CALL TO LABOUR

Mysore, Aug 18

Labour Minister K. Puttaswamy asked the managements of industries to keep aside a portion of their profits for labour welfare.

Presiding over the foundation-stone laying function for a high school in Sri Krishnarajendra Mills Colony, the Minister advised the labour unions to help in bringing industrial peace which was essential for the growth of industries.

He told the labour class that they should not masx up the question of wage and dearness allowance with labour welfare projects. It was also the duty of the management to provide welfare projects

Sri Harikishore Kesariwala, Director of the Mills, who laid the foundation, gave an assurance that the management would not lag behind in providing labour welfare amenities in the colony.

Sri A. S. Guruswamy, President of the Taluk Board, welcoming the gathering, said that the board was running a college and six high schools

Labour Association President Bastin urged for more houses to the employees and power extension in the colony.

Sri Jayadevaraj Urs proposed a vote of thanks.

EXHIBITORS' PROTEST

Mysore, Aug. 18

Sri R.G Shamanna, Secretary of the All India Exhibitors' Association, Mysore, has strongly criticised the decision of the Exhibition authorities to dispose of all the stalls in the Dasara Exhibition by tender system.

He said that this would cause a great hardship to the exhibitors. The object of holding an exhibition was to encourage industries and other enterprises and the Government's motive should be to run the exhibition under no profit and no loss basis The introdution of present procedure of disposing of stalls on tender basis showed the Government attitude 'swindling money from the participants to the maximum extent', which would really hamper the very object of holding the exhibition.

WATCH-DOG PANEL

The Union Government proposes to set up coaching-cum-guidance centres to perform 'watch-dog' functions in filling up posts reserved for Scheduled Castes and Tribes in the Central and State Governments and quasi-Government establishments.

Students Not For Politics

Hardly 15 per cent of the students believed that they should take part in politics But at the same time as many as 59 to 85 per cent believed they could influence the process of change around them, according to an inter-State field study of the students community conducted by the National Council of Educational Research and Training.

PM NOT COMMUNIST

Prime Minister Indira Gandhi yesterday denied that she was leaning towards Communists and some of the measures taken by her Government as Communist sponsored.

She said if the Communists liked something she was doing, she should hardly be blamed. But it was wrong to say that in any one of its measurs she was taking a lead from the Communists. If at all, it was the Communist who were taking the lead from her.

The Prime Minister said there was a lot of difference between the Communist ways and theirs. While the Communists believed in violence and encouraging fights, 'we believe in non-violence and carrying every body with us'.

Medals For Mysore Policemen

Six police officers from Mysore State are among the 144 who have been awarded the police medals for meritorious service on the occasion of the Independence Day.

They are: Messrs. B. N. Garudachar, Deputy Commissioner of Police, Bangalore, C.E.I. Brown, DSP, C. Narasimhamurthy,DSP, Sheikh Mohammed Ali, Reserve Police Inspector, K. Adinarayan Gowda, Police Inspector, A. N. R. Krishna Rao, Police Sub-Inspector.

WIND OF CHANGE

Prime Minister Indira Gandhi stated yesterday that the country had reached a new bend on the road to progress.

Addressing the Independence rally from the ramparts of the historic Red Fort, she said a fresh wind was flowing on the faces of the people. The country must take advantnge of it.

Smt. Gandhi said unity, peace and progress are essential but we do not want peace born of helplessness. Peace could be maintained only through strength.

She said in this fast-changing situation, the youth of India had to make thier own decisions instead of looking at others for guidance. The only way to progress was to move forward with courage, hope, determination and above all self confidence and self reliance, she added.

PRESERVE UNITY

Bangalore, Aug. 16

Governor Pathak yesterday warned that internecine quarrels and disregard for the rule of law were bound to undermine our strength and endanger our national security.

Addressing the parade on the occasion of the Independence Day, the Governor said ideological, regional, linguistic, religious and other differences were bound to exist in a vast country like ours, but these differences should not vitiate the unity of the country. 'Unless as a people we become emotionally integrated, we can achieve little of lasting value for our motherland'.

Show-Cause Notice To PM

Congress President Nijalingappa last night issued show-cause notice to Prime Minister Indira Gandhi, Union Food Minister Jagjivan Ram and Industrial Devolopment Minister Fakhruddin Ahmed, asking them to explain their attitude in the recent Presidential election.

The President is stated to have observed in his letters that they had committed grave acts of indiscipline by encouraging free vote by members and had thereby damaged the party's interest.

END MUTUAL RECRIMINATION

Prime Minister Indira Gandhi yesterday appealed to Congress members of Parliament to make a determined effort to end the 'atmosphere of mutual distrust and recrimination created by events of the last few weeks'.

In a letter addressed to them, she said differences that had arisen had much deeper significance and were based on the approaches to the problems and programmes facing the country today.

Smt. Gandhi said. 'I feel that the issues involved go beyond the Presidential poll. The result of the election, one way or the other, will not resolve the differences over the manner in which our basic policies of democracy, secularism, sociatlsm and non-aligement are implemented'.

'The real problem facing today is how to capture the missionary zeal which anumated the organisation during the days of our freedom struggle', she added.

MEDICOS ON INDEFINITE STRIKE

Mysore, Aug, 19

The students of the Government Medical College, here numbering 1,500, commenced their sympathetic strike today to support the striking House Surgeons all over the State.

The students met in the college campus and were addressed by Messrs K. Nagaraj, H P. Ramesh, M. Rame Gowda and V. Ashokkumar.

They decided to continue the strike indefinitely to press their three-point demands. An action committee was formed

The demands are: reduction in the intake of students to 150 immediately and to 75 gradually within the next four years; establishment of a separate university for medical sciences and abolition of the registration of 'quacks'.

The students have pointed out that seats in each of the nine medical colleges were increased to 250 during the emergency six years ago. When there was so much unemployment problem in the country, this increased intake was unjustifiable.

House Surgeons' Strike

Mysore, Aug 19

150 house surgeons of the combined hospitals and 20 post graduate medical students commenced their indefinite strike from today to press their four-point demand.

The house surgeons of Bangalore, Hubli, Bellary and Belgaum have also joined the strike.

Indira Not For Split

Prime Minister Indira Gandhi said yesterday that she did not want the Congress to split.

She told the Congress MPs from seven States that she was neither in favour of expelling members nor making them leave the organisation. 'We must stick to the democrasic way of life'.

She said that if any attempt to take disciplinary action was taken against members either at Centre or in the States, the consequences of such action would be serious and disastrous.

No Division Of State

Bangalore, Aug. 19

Chief Minister Veerendra Patil yesterday rejected in the State Assembly the division of the State on the reason of serious regional imbalances. If the facts and figures being collected by him showed any imbalances, he said, then he would take immediate steps to correct them but would not carve out a separate State under any circumstances. As to the demand for a high power judicial committee, Sri Patil said such a demand was premature since facts and figures were still being collected.

PM QUESTIONS CONG. PRESIDENT'S RIGHT

Prime Minister Indira Gandhi yesterday questioned the propriety of Congress President Nijalingappa's demand for an explanation.

Addressing a meeting of Congres MPs, she said she could not understand how it was proper for Sri Nijalingappa to act over and above the Congress Parliamentary Party and its leader in taking disciplinary action.

In other democracies, the leader of the parliameatary party enjoyed greather importance than the head of the party organisation, she said.

Smt. Gandhi said she deprecated any move of no confidence against the Congress President.

Kabini Project

Bangalore, Aug. 23

Chief Minister Veerendra Patil told the Assembly that it was the intention of the Government to complete the Kabini project as early as possible.

He said the project engineers had prepared a scheme for the completion of the project by 1974 spending about Rs three crores every year. Depending upon the progress of the work, the Government would provide adequate finances.

He refuted a suggestion that the Government was neglecting the project because it was in the old Mysore area.

The Chief Minister said the project cost had been revised to Rs. 24.80 crores, of which Rs. 4.72 crores had been spent up to June.

He said if they had unlimited funds, it would be possible to complete the project by 1974 but the State's resources were strained. He would, however, assure that the progress of the work would be greatly accelerated.

CONGRESS CRISIS RESOLVED

NO ACTION AGAINST INDIRA

The Congress Working Committee last night by an unanimous resolution averted the crisis which had threatend to split the Congress organisation over the question of taking disciplinary action against the Prime Minister.

The committee, while deploring the defeat of the party candidate in the Presidential elections, said while discipline was essential within the party, it could be effetively ensured only by strict adherence to party policies and internal democracy within the party at all levels.

The committee said a split in the party would have incalculable consequences and, therefore, they should not say or do anything which is likely to widen the breach.

The Working Committee 'calls upon all Congressmen to help to create conditions in which the normal and healthy functioning of the party will be restored. Let us all strive to contribute to unity in the organisation, based on commitment in the accepted policies thus generating a new dynamism on the political and economic front'.

MYSORE WARNING ON TYAGI AWARD

STATE'S PROGRESS WILL GRIND TO A HALT

Bangalore, Aug 29

Finance Minister Ramakrishna Hegde stated in the Assembly that Mysore State shall not rest till the Central Government has made good the injustice done to it by the 'patently inequitable' award of the Fifth Finance Commission.

In expressing the resentment of the State Government over the award, the Minister told the Centre that if it did not see its way to come to the State's assistance, not only would the overdraft, which it had tided over again by its own efforts, recur and grow bigger but there would be also widespread dissatisfaction in the State and the Centre should have to hold itself responsible for any situation that might occur.

Unless the Centre undid the great injustice done to Mysore by Tyagi Commission by giving as least Rs. 175 crores as grant in-aid for the period 1969-74, the tempo of activity, both on the Plan and non-Plan sides, would come to a grinding halt in the State, he said.

The surprise and shock of the State Government had been communicated to the Prime Minister in the strongest possible terms, Sri Hegde said.

He said 'the most distressing feature is that the extraordinary efforts made by the State in raising resources whether from excise duties or from other sources have led to a situation where we are being penalised for prudence'.

Shift Betel Leaf Gardens

Mysore, Sept. 1

A strong plea to shift the betel leaf gardens from the city was made at the Municipal Council on Saturday by ruling United Front member T.V. Srinivasa Rao.

He criticised the Government order not to shift the betel leaf gardens to the proposed area in Rampur-Gorur villages as 'illegal and unwarranted'. He urged the Government to revise its order. Otherwise, the Municipality should seek legal redressal, SriRao said.

He said that in the interest of the city and to remove the mosquito nuisance, it was necassary to shift the betel leaf gardens. The 40 families which would be affected could be paid adequate compensation.

Sri B C. Lingiah, leader of the Congress party, wanted general pooling of all medical college seats instead of varsity wise. He pointed out that for 27,000 PUC students in Mysore University, 12,000 in Bangalore University and 9,000 in Karnakat University, the medical seats available were 200, 200 and 350 respectively.

Sri Lingiah also pleaded for instituting awards to encourage dramas as was being done for films.

STRIKE OPPOSED

Dr. P. D. Krishnaswamy opposed the house surgeons striking for increased stipend. The house surgency was meant to learn and not to earn. However, he supported their demand that there should be no discrimination in payment of stipend to all house surgeons

Sri Krishnaswamy and Sri Coutinno wanted the MSRTC to run more city buses from Asoka Circle and N. R. Mohalla for students, specially girls.

Sri Continho suggested taking over of the old mofussil bus stand for constructing a building for the Municipal Girls High School.

The Tyagi Commission report came for severe critism by Sri Chikkathammiah. This had done great injustice to Mysore State, he said.

Sri Vedantha Hemmige supported the strike of the house surgeons and urged the Government to concede their demands.

Sri Krishna and Sri Ganesh wanted the Municipality to withdraw the order prohibiting grazing of cattle at the sewage farm.

TOP POLICE OFFICERS INDICTED

Top police officials have been indicted in a report submitted to the State Government by Sri A. Gupta, who inquired into the police vandalism in the West Bengal Assembly on July 31.

Sri Gupta has apportioned blame to the IGP, the Commissioner of Police and the Deputy IGP.

In his report, Sri Gupta has observed that 'the IGP failed to show a correct appreciation of the changing situation and its dangerous potentialities. He should have prohibited taking the procession to the Secretariat at an early stage on the morning of July 31 He failed to keep in close touch with the Calcutta force who were the executive force here and keep them fully informed'.

The report says that 'there are some features about the whole affair which led to the suspicion that there might have been some sort of pre planned conspiracy to create trouble'.

Anti-fungal Paste For Bananas

Mysore, Sept. 4

The Central Food Technological Research Institute has developed an anti-fungal paste to prevent fungus infection on the cut surfaces of banana hands and bunches during transportation and storage.

Currently, for export purposes banana bunches are cut into hands and then packed in cartons. The hands when the surfaces are not protected, are likely to decay due to fungus infection. Application of this antifungal paste on the cut surfaces of banana hands will prevent fungus growth for a period of 18-21 days at low temperature storage. This paste is prepared from indigenously available raw materials. Trials carried out so far have shown that the paste is as good as or better than imported products.

The development of this paste assumes significance in view of the country's efforts to export large quantities of bananas in the next few years. Anti-fungal paste for bananas is at present imported and it costs over Rs. 10 per kg in foreign exchange. The cost of application of the anti-fungal paste developed by CFTRI works out to less than 2 paise per hand.

DRUG RACKET

The Union Minister of State for Labour, Sri Bhagwat Jha Azad, yesterday called upon the trade unions in Asia to wage a war against monopolists and cartels in the drug industry 'who are making huge profits at the cost of human misery'.

He said the monopolists were selling the products at exhorbitant price about 20 times of the original cost. He added that they were running a big racket by spending a meagre six per cent of the total annual income on research and nearly 50 per cent on advertising and sales promotion.

He appealed to the World Health Oraganisation to take up the issue and help a humane cause by coming to the rescue of the developing countries.

Poultry Farm For Disabled Children

ROTARY'S GESTURE

Mysore, Sept 5

A poultry farm, for which the Mysore Rotary Club has donated Rs. 2,001, was inaugurated yesterday at Janapada Seva Trust, Melkote, by Sri F K. Irani, Past Rotary Governor.

In this connection, the Rotary Club also held its weekly meeting at Melkote, President R. Narayna Swamy presiding.

Smt. Bopiah, Chairman of the Trust, welcoming the Rotarians, thanked them for their generous donation in helping the physically handicapped children of the 'Karunagruha", run by the Trust.

She also thanked Sri P. R. Sitaram, Past President of the Club, for taking initiative in this regard.

Sri Surendra Koulagi, Trust Secretary, in his report said that the Janapada Seva Trust was running the "Karunagruha" for both boys and girls who were physically handicapped. The Trust was also running a nursery school which needed to be developed into a full fledged one. The poultry farm would go a long way in helping the inmates of the "Karunagruha", he said.

Sri Koulagi also thanked M/s Ganesh Beedi Works and Sri Sitaram for adopting and maintaining two inmates of the "Karunagruha".

Sri Irani, who praised the noble work being done by the Trust, appealed to all to generously help both in cash and kind to the institutions run by the Trust.

Money was not the main criteria in life. There were many people who had lots of money but still could not enjoy it. The haves should come forward and donate liberally to such institutions, he said.

Sri Irani donated Rs. 500 to the Trust. Messrs. A B. Satyanarayana Setty, Nanda, Narayana Swamy also donated Rs. 101 each. The weekly box collection of Rs. 157 was also given to the Trust.

Sri S. Pattabhiraman, Trustee, proposed a vote of thanks.

Have Sustained Interest In Sports

CARIAPPA'S CALL TO STUDENTS

Mysore, Sept 6

Gen. K M. Cariappa, former Chief of Army Staff, yesterday, called upon the students to have sustained interest, enthusiasm and determination in sports, otherwise they could not catch up with the high standard of other countries.

He was speaking as a chief guest at the annual sports meet of the Medical College.

The General regretted that hardly ten per cent of our youth took interest in sports.

Gen Cariappa said it was sad to see in the country strikes and gheraoes, resulting in loss of production. It was also a matter of shame that students of Bangalore University should have gone on strike against the Vice Chancellor and the Registrar.

The General also came down heavily on the house surgeons who resorted to strike for increased stipend at the cost of untold sufferings to patients and ailing persons. As doctors, it was their foremost duty to serve the patients In his opinion, instead of striking, they should have dug out foundation for an auditorium in the college premises

Gen. Cariappa advised students to cultivate loyalty, discipline, sense of duty, determination and dedication.

Dr. A. K. Gopalarajan presided.

Boycott Threat By Exhibitors

Mysore, Sept. 6

The All India Exhibitors Association at its extraordinary general body meeting yesterday under the presidentship of Sri N. Gopala Rao decided not to participate in the Dasara Exhibition until the Government modified the present procedure of disposing of stalls and open space on tender basis. The old procedure was to dispose of stalls and open spaces on allotment basis.

The meeting also called upon the intending participants not to file their tenders and such of those who had already filed to withdraw until the Government changed the procedure.

The Accociation in the resolution said that the tender system was opposed to the very object of holding such exhibitions by the Government.

Suttur Mutt Swamiji will preside.

Dr. N. A. Narayanaswamy, Chairman, Sports Committee, welcomed the gathering.

Sri Sudhakara Setty, Secretary read a report.

Learn Country's Heritage

Mysore, Sept. 6

The need to make the youth aware of the country's great culture and heritage was stressed here yesterday by Dr. K. B. Ramakrishna Rao, Professor of Hindu Philosophy, Mysore University.

He was delivering the first of the Hindu Philosophy Lecture series on "The Place of Philosophy in Modern Life" at the National Institute of Engineering. The lectures are associated with the Chair of Hindu Philosophy instituted by Sri G D Somani, the Industrialist.

Dr Ramakrishna Rao said that the modern youth was developing a tendency to forget that they owe a great deal to the past culture and heritage. A sense of responsibility should be imbubed in the youth. For this it was necessary to develop their inner consciousness through philosophy

Vice-Chancellor Shrimali inaugurating the lecture series, said that a generation was growing in our country which was completely unaware of our culture and heritage This he said, was a great danger to our society.

The destructive tendency that could be seen in the youth today was due to that they were not aware of their rich hetitage. Hence, it was necessary to teache them about our culture and heritage, the Vice-Chancellor said.

With this intention lectures on Hindu Philosophy would be delivered at the various colleges affiliated to Mysore, Bangalore and Karnatak Universities, he said

Dr. Prabhushankara, Director of Prasaranga, proproposed a vote of thanks.

Study Hindu Philosophy

Mysore, Sept. 6

Prof. N. A. Nikam, former Vice-Chancellor of the Mysore University, advised students here yesterday to understand the traditional and cultural aspect of our society and concentrate on them.

Delivering the valedictory address of the University Evening College, he said the study of Hindu Philosophy would make man manly and it would take away despondecny and a feeling of inferiority.

Therefore, students to develop courage and to succeed in their life should know about the Hindu Philosophy.

Dr. Nikam regretted that there was noself restraint in the public life in the country nowadays. The student unrest all over the world, he felt, was for varied reasons.

The former Vice Chancellor stressed the need for improving educational facirities in our country for imparting higher education Lack of educational facilities was inevitable in a progressive society like ours he said.

Sri Syed Nazir Ahamed, Principal, presided.

Smt. Rizia Khan welcomed the gathering.

Sri Charles Devdass presented a report. Vice-President S. Siddappa proposed a vote of thanks.

ROLE OF STUDENTS' UNION

Mysore, Sept. 6

The students' associations had an important role to perform in moulding the character of the students, Vice-Chancellor K. L. Shrimali said here on Thursday.

He was inaugurating the students' association of the CPC Polytechnic. Principal G.R. Ramaswamy presided.

Dr. Shrimali said that the associations should strive to make the younger generation to develop better qualities. Lower loyalties like selfishness should be subordinated to the larger interest of the country.

Sri K. S. Veerabhadrappa, Staff Adviser, welcomed the gathering. Secretary K. Balasubramanyam read a report. Sri Abdul Rahim proposed a vote of thanks.

Rural Cadre Of Doctors Urged

Mysore, Sept. 8

The creation of a separate cadre of rural doctors with additional incentives to make them settle down in villages, was suggested by Sri K. Subba Rao, former Chief Justice of India, here on Saturday.

Speaking at the annual celebrations of the Medical College, Sri Koka Subba Rao, said large number of fatalities in rural areas could be averted if immediate medical attention was made available.

He deprecated the agitational approach by students and said such an approach was not designed for a civilised or democratic country.

Sri Rao advised doctors to develop qualities of humanity, integrity, compassion and bedside manners. The doctors should not allow their profession to degenerate into business.

He denounced hero worship as a trait of a backward country. The worshipper surrendered his conscience to the hero. When the hero was gone, the worshippers were like sheep without a shepherd.

Dr. U. Ramachandriah presided.

Sri K.V. Ashok Kumar, Secretary read a report.

TWO CURBS ON BANKING ACT

The Supreme Court yesterday issued a limited stay of operation of two sections of the Banking Companies Act.

The Court directed that the former chairmen of the 14 nationalised banks, who are the present custodians under the Act, should not be removed pending disposal of the writ petitions.

The court also ordered that any directions given by the Government of India should not be contrary to the provisions of Sections 35A of the Banking Regulations Act 1949 amended in 1968. Section 35A laid down the banking policy.

Admitting two writ petitions challenging the constitutional validity of the Act, the Court fixed Oct. 27 for the hearing.

INDIRA-SN MEET

A 20-minute meeting between Prime Minister Indira Gandhi and Congress President Nijalingappa took place yesterday where an attempt was made to clear 'doubts and misunderstanding which led to a deeper crisis in the party'.

Describing the meeting as very friendly and cordial, the Congress President said it was just a preliminary talk. We have not yet come to any definite, serious discussion'.

Sri Nijalingappa is understood to have referred to the issue of discipline vis a-vis the defeat of the party nominee in the Presidential election and the need for talking Sri Morarji Desai back into the Cabinet.

FOOD PROSPECTS GOOD

Union Food Minister Jagjivan Ram said yesterday that despite failure of rain in large parts of Rajasthan, Gujarat and Madhya Pradesh, food prospects for the current session were so far good. If the September-October rains come, a bountiful harvest could be expected.

He said the food policy would be reviewed periodically bearing in mind the paramount objectives of eliminating concessional imports and giving a fair deal to the producer and the consumer.

Sri Ram said food imports would be only 4 3 million tonnes in 1969 as against 10 36 million tonnes in 1968 69.

CM Gives Region-Wise Data

Bangalore, Sept. 10

Chief Minister Veerendra Patil yesterday presented to the State Assembly "Mysore After Integration", a 53-page document, containing a detailed development survey of different regions in the State since the reorganisation in Nov. 1956.

The survey gives details of representation of different regions in the State Cabinets since 1956, break-down of personnel in Government services and expenditure on development works. The survey reveals a fair share to old Mysore area

The document said: 'The Government decided to undertake this stock-taking in the context of the unfortunate complaints and grievances voiced in certain quarters that the Old Mysore area has been neglected and the integrated areas from the old Bombay, Hyderabad and Madras States and Coorg have flourished at the expense of the 10 districts of Mysore State as it existed prior to the States Reorganisation of 1956'.

Regretting the attempt to arouse regional jealousies and passions in the State, the document assured Government's determination to do everything for the welfare of all Mysoreans, irrespecitive of caste, community, religion, domicile, region or place of birth.

Panel On Small Industries

Mysore, Sept. 13

A committee consisting of Secretaries of the Productivity Council, the Chamber of Commerce and Industry, the Mysore District Small Scale Industries Association and the Institution of Engineers, Mysore City Sub-Centre, was formed here yesterday to make concrete proposals and suggestions to the City Municipal Council, the City Improvement Trust Board and the Government of Mysore to provide facilities for development of small scale industries in the city.

The committee was formed after a group discussion on 'Factors Hindering Progress of Small Scale Industries in Mysore City'.

Sri M. N. Thimmiah, Civic Chief, inaugurating the discussion assured the industrialists all facilities for starting new industries in the city.

Sri F K. Irani, who presided, urged for speedy action in providing facilities like land and water to industrialists.

There were only mere speeches and discussions on starting new industries but no one was coming forward to set them up, he regretted.

Messrs N. N. Sastry, B L. Amla, K C. Naravan, R. R. Sastry and others spoke on various problems like capital, initiative and enterprise, shortage of technical know-how and skilled man power, lack of Government encouragement, environmental and other factors such as land, power and water facilities and raw materials.

Text-Book Loan Scheme Started

Mysore, Sept 13

A novel scheme of loaning text books to poor students, the first of its kind in Indian universities, was inaugurated here yesterday by Vice Chancellor K L. Shrimali.

The Rs. 60,000-scheme will provide text-books to one hundred students each from the Maharaja's and Yuvaraja's Colleges for a period of one year. Each student who gets five text books has to return them at the end of the year

Sri Patil, Head of the Department of Library Science, welcoming the gathering said that booksellers had offered considerable discount in selling the books to the Text Book Library.

Dr. Shrimali said that atleast Rs.5 lakhs would be provided so as to cover all the students of the University, including those of the affiliated Colleges.

Dr. Shrimali referred to the difficulty experienced by students in getting proper accommodation and food in the city. The University, therefore, had thought of the Students' Village where besides accommodation food was also provided at subsidised rates.

Five cottages in the Students' Village had been completed and occupied by girls. More would come up soon, he said.

Dr. U. K. Subbarayachar, Dean of Students Welfare, proposed a vote of thanks.

Sri R Vasudeva Murthy, Vice-President of the Mysore Chamber of Commerce, welcomed the gathering. Sri D. Doddaiah, Chairman of the Mysore City Sub Centre of the Institution of Engineers, proposed a vote of thanks.

Research Awards Presented

Mysore, Sept. 13

The Mysore University Golden Jubilee Awards for Research Work for 1968 was presented to three Professors by Vice-Chancellor K L. Shrimali at a formal function held at Crawford Hall yesterday

The recipients are : Humanities and Social Sciences-Dr K B Ramakrishna Rao, Professor of Hindu Philosophy, Manasa Gangotri, for his work on 'The Theism of Pre-Classical Samkhys and Antology of Advaitha with special reference to Maya', and Languages and Literature shared by Sri G N. Chakravarthi, Head of the Department of Sanskrit, St. Phliomena's College for his work 'Rikasamhitsara' and Dr. S Mokashi Punekar, Professor of English, Indian Institute of Technolgoy, Bombay, for his work 'The Pretenders'.

Each award carries a sum of Rs. 3,000 There was no award made in science.

Dr. Shrimali said that out of Rs. 60 lakhs collected for the Golden Jubilee Fund, a portion had been set apart for giving awards to teachers who had made outstanding work.

Awards were not confined to the teachers of the Mysore University alone. Teachers of all the four universities in the State were eligible, he said.

The Vice-Chancellor said that although the sum was small, it was a token of appreciation and recognition of the good work done by the teachers. He expressed the hope that the award amount would grow in the years to come.

Referring to the difficulty experienced in publishing research works, Dr. Shrimali said that teachers although made creative work, the lack of resources to publish them came in the way. The book trade in the country had to grow still, he said.

BUILD STRONG UNITED NATION

GIRI UNVEILS 'THATAYYA' STATUE

Mysore, Sept. 19

President V.V. Giri today called upon the people to realise that there was no future for the country except as a strong and united nation.

Unveiling the statute of Sri M. Venkatakrishnayya at the Municipal Park, opposite the Lansdowne Buildings, the President said: "more than ever before today we need robust nationalism and faith in the country's future to overcome the divisive forces that are gathering momentum".

Sri Giri paid rich tributes to the late Sri Venkatakrishnayya and said he was an eminent nationalist. He was an avowed enemy of parochialism and communalism. His life should inspire us to forge unity and discipline to achieve the avowed objective of a socialist pattern of society.

Praising his pioneer work in the field of journalism, the President emphasised the crucial role to be played by the Press in the country today.

Pleading for safeguarding the freedom of the Press guaranteed in the Constitution from being sullied, Sri Giri said that a free and fearless Press was the true sentinel of democracy. There should be unfettered right for the journalist ro express his views. It was also the duty of the Press to bring about an awareness among the people.

The President expressed regret that the Press gave undue importance to politics and political bickerings. He urged Press to take notice of the big changes that were taking place in the country and make the transition in economic and social fields easier and quicker.

Acting Governor Somanath Iyer, presided. Chief Minister Veerendra Patil released the souvenir.

Both of them recalled the services of Sri Venkatakrishnayya in fields of education, journalism and social service.

After welcome by Sri T. Venkataramaniah, Sri Agaram Rangiah presented a report Sri M. N. Jois read the messages. Sri P. R. Ramiah, President of the Memorial Committee, handed over the statue to civic chief M N. Thimmaiah Thagadur Ramachandra Rao proposed a vote thanks.

Giri Praises City's Beauty

Mysore, Sept 19

The need for emphasising unity in the country and rooting out feelings of parochialism and communalism was stressed by President Giri here today.

The President was accorded civic reception by the City Municipal Council at the Town Hall.

Sri Giri praised the beauty of Mysore City and said it was one of the cleanest cities in India. He compared Mysore to San Francisco (USA) and said that all efforts should be made by the Municipality to maintain cleanliness and beauty.

Politics should have no place in municipal administration and in providing civic amenities like water supply and education. The civic bodies must emphasise country's unity and be enemies of communalism and parochialism, he said.

Earlier, Municipal President M. N. Thimmiah presented an address to the President.

Probe Into Delay In PUC Results

Mysore, Sept. 19

A five member committee to go into the question of delay in announcing the results of PUC examination this year and also to find out the causes for the errors in announcing the results has been appointed by the Academic Council of the Mysore University. The Committee would also suggest remedial measures.

The Committee consists of Dr Siddalingiah, Prof. K. Narayana Rao, Sri B. P. Nagaraja Murthy, Prof. Venkatachala Murthy and Dr. B N. Bolegowda (Convenor).

It may be recalled that besides a delay of three weeks, the PUC results were published in three or four instalments resulting in the postponement of selection of candidates to professional colleges Complaints about a number of errors were also received.

REAPPEARING IN P G EXAMS

Mysore, Sept. 19

Post graduate students of the Mysore University, who have passed their master's degree examination in third class, will not be allowed to appear again to better their performance once the degree is conferred on them in a convocation.

According to a decision of the Academic Council, these students would be allowed, however, to reject their third class degree and reappear for the examination before the degree is conferred on them.

Postal Course In Both Media

Mysore, Sept. 19

The Correspondence Course being started by the Mysore University from November, this year, would be in Kannada and English, Vice Chancellor K. L. Shrimali told the Academic Council recently.

Explaining the purpose of the course, the Vice-Chancellor said it was to take education to the home of the students who, for some reason or other, could not prosecute their studies.

The course would be for PUC, degree and master's degree classes. The students registering for the course would appear for the same examination that are held by the University either for under graduate or post graduate students.

Dr. Shrimali said that strating of the 'Mysore University Institute of Correspondence Course and Continuing Educations' would serve the entire southern region and students from any part of the country could register for the course

Mysore University would be the first one in the southern region to start the correspondence coure.

NOVELIST FEATED

Mysore, Sept. 19

The Cine Journalists yesterday feated Sri Subramanyaraje Urs ('Chaduranga'), the well known novelist and film producer. Sri A. Ramanna presided.

After welcome by Sri Rachappan, President of the Association, Messrs. P.V. Chandrasekhar, A.V. Gundu Rao and Shivananda Swamy praised Sri Urs contribution to the Kannada literature and film world.

'Chaduranga' thanked the cine journalists and said there was need for good films to be made in large numbers in Kannada.

He regretted that film production had become an industry and a business. The point of view of art and culture was being neglected.

Sri R Satvanarayana, Secretary, proposed a vote of thanks.

Progress Of Mysore Varsity

Mysore, Sept. 25

The total number of colleges in the jurisdiction of the Mysore University rose from 85 to 98 during the year 1968-69, according to the annual report.

A total number of 53,944 students were enrolled during the year as against 49,480 in 1967-68, registering a substantial increase. The increase was both in respect of men and women students.

There were 2056 students belonging to scheduled castes and tribes during the year as against 1756 last year. The number of foreign students was 168.

Besides English, Kannada countinued to be used as an alternate medium of instruction at PUC and BA courses. The number of students choosing Kannada medium at the PUC level rose from 1101 to 1543 and in the degree course from 205 to 243.

The number of students examined increared over that of last year. At the PUC level the rise was nearly 17 per cent and at the B.A and B Sc. level it was almost double, where as in courses like BL, B Ed and MBBS there was a slight decrease.

As for the results there was marked improvement. The percentages of pass in BA, B Sc. and B. Com were between 43 and 48 as against 34 and 38 per cent last year.

The University spent Rs 28,191 for the award of general scholarships, Rs. 37,874 for endowment scholarships and Rs. 6,908 for merit scholarships at the under graduate level.

Free studentships were awarded to 30 per cent of total boys in degree and post graduate courses, 25 per cent in PUC and 50 per cent of the total number of girls in both undergraduate and post graduate courses.

About 6985 boys and girls were staying in various hostels. A total of 392 students got part-time employment under the 'Earn and Learn Scheme'.

CORRESPONDENCE COURSE METHOD

Mysore, Sept. 25

The method of instruction in the correspondence courses to be started in the Mysore University will be that 30 lessons will generally be prescribed for one paper. The lessons are written by able and experienced teachers. At the end of the each lesson there will be a student response sheet which contains some check-tests and some objective type and essay type questions to be answered by the students. The answers are corrected and the corrected sheets will be sent back to the students with remarks and even with model answers when necessary. Two such lessons for each paper will be sent every fortnight.

Need For Police Training Stressed

Mysore, Sept. 25

Sri Manikrao Patil, Deputy Home Minister, today underlined the importance of giving intensive training to all ranks of policemen so that they could serve efficiently.

He was inaugurating the second three-day symposium of the heads of police training colleges in India here at the Police Training College.

The Minister said that officer in charge of every police station should brief everyday to the policemen about the duties and behaviour towads the public.

Sri S N Hosali, Inspector-General of Police welcoming the delegates stressed the importance of in-service training to sub-inspectors so that they could stabilise what they had learnt during the training period and become good police officers.

The IGP said police formed one of the most important branches of police department and it had taken vast stride after Independence in the country.

Sri Hosali said the main difficulty of training of constabulory was substandard recruitment and lack of education. This could be overcome by recruitment at the earlier age of 16 and giving them two years training in general knowledge and other subjects so that they could become better likable police men. He also said that six months training was inadequate and it should be be two years.

Sri B. B. Banerji, Director of the National Police Academy, Abu, also spoke.
